

**RESTRICTIVE COVENANTS AND EASEMENTS  
FOR HARBOR PLUS ON KEOWEE**

ARTICLE I

Recitals

1.1 Harbor Plus, LLC A South Carolina Corporation, hereinafter referred to as "Developer", is the owner of certain real property located in the county of Oconee, State of South Carolina, described as Exhibit "A" attached hereto and by reference made and development of the Property a part hereof and known as "Harbor Plus", sometimes hereinafter referred to as the "Property". In order to establish an orderly, general plan for the improvement and development of the Property, the Developer desires to subject the Property to certain conditions, covenants, easements and restrictions upon and subject to which all the Property shall be held, improved, transferred and conveyed.

ARTICLE II

General Provisions

2.1 The Developer hereby declares that the Property is now held and shall hereafter be held, transferred, sold, leased, subleased, conveyed and occupied subject to the restrictive covenants and easements herein set forth. Each of the covenants and easements contained herein shall be binding upon and shall inure to the benefit of and pass with each and every parcel of the Property (except those which may be deleted by amendment) and shall apply to and bind the heirs, assigns, successors of any owner thereof.

2.2 The purpose of these restrictions is to insure the proper development and use of the Property and to protect the owner of each Building Site against such improper development and use of surrounding Building Sites as will adversely affect the value of its Building Site, to prevent the erection on the Property of improvements built of improper design or materials, to encourage the erection of attractive improvements at appropriate locations, to prevent haphazard and inharmonious improvements, to secure and maintain proper setbacks from streets and adequate open spaces between structures, and in general to provide adequately for a superior type and quality of development of the Property in an aesthetically pleasing manner in accordance with a general plan.

EXHIBIT "A"

All that certain piece, parcel or tract of land situate, lying and being in the State of South Carolina, County of Oconee, Seneca Township, being known and designated as **TRACT TWO (2), containing SEVEN AND FIFTY-SIX ONE-HUNDREDTHS (7.56) ACRES**, more or less, as shown and more fully described on a plat thereof by Michael L. Henderson, RLS, dated 4/15/87, and recorded in Plat Book A31, page 4, records of Oconee County, South Carolina.

This is the same tract of land conveyed unto Harbor Plus, LLC by deed of Monteki, LLC, dated February 25, 2005 and recorded simultaneously herewith.

FILED FOR RECORD  
OCCOKEE COUNTY, S.C.  
REGISTER OF DEEDS  
2005 FEB 28 P 3:08

2.3 Definitions

A. Building Site: "Building Site" shall mean any parcel, or any portion thereof, shown as a numbered parcel (for example, 1, 2, 3, etc.) on that certain plat prepared by Ray Dunn recorded in Plat Book B49 at Page 9 and 10 in the Register of Deeds Office for Oconee County, South Carolina, as modified or amended from time to time, or as shown on any additional plat or plats relative to the Property recorded by the Developer in the future in the office of the Register of Deeds, Oconee County, South Carolina.

Developer shall have the authority to revise the number of Building Sites to be located on the property and the boundaries of any Building Site at any time in order to cause them to conform to the actual location of buildings constructed thereon at any time after the foundations for such buildings are in place. It is the specific intent of the Developer for a Building Site to be the actual footprint of the building on the property. Developer will accomplish these revisions by filing amendments or revisions to the Plat, or to the plats filed in the future pursuant to this Section 2.3, with appropriate notations and references to the plat and Building Site being revised.

B. Improvements: "Improvements" shall mean any and all betterments, construction and/or improvements on any Building Site, or any portion thereof, and shall include without limitation all changes in site topography, underground utilities, all buildings, outbuildings, parking areas, loading areas, fences, walls, hedges, mass plantings, poles, signs, monuments, sculptures, driveways, lawns, drives, trees and shrubs.

C. The Developer: "Developer" shall mean Harbor Plus, LLC, a South Carolina Corporation, its successors and assigns.

D. Owner: "Owner" shall mean any party and its successors, assigns, heirs and legal representatives, who owns a fee simple interest in and to any Building Site or portion thereof. To the extent that the Developer meets the criteria for ownership set forth herein, it shall be deemed an Owner hereunder in addition to possession of the rights, powers, privileges, obligations and duties hereby specifically imposed upon or granted to the Developer.

E. Property: "Property" shall mean the real estate described in Exhibit "A" which is attached hereto and made a part hereof.

F. Common Property: "Common Property" shall mean and refer to those portions of the Property inside the area designated as "Common

Area" on the Plat (as expanded and revised from time to time by amendments and additional plats) which are not Building Sites, including but not limited to roads, parking spaces, buffer areas, walkways, entrance ways, drainage areas, private rights-of-way, landscaped areas, sign location areas and signs located therein. In this regard, it is specifically provided that a Common Area shall be that portion of the property other than a Building Site.

### ARTICLE III

#### Regulation of Building Sites

3.1 Approval of Plans and Specifications. No improvements shall be constructed, erected, placed, altered, maintained or permitted on any Building Site until plans and specifications therefore have been approved by the Developer, as provided in Article VI hereof, or which, when constructed, do not conform to the requirements set forth herein, except as otherwise specifically provided herein.

3.2 Completion of Construction: After commencement of construction of any improvement on any Building Site, the Owner thereof shall diligently prosecute the work thereon to the end that the Improvement shall not remain in a partly finished condition any longer than reasonably necessary for completion thereof. All Improvements shall be completed within one (1) year after approval of plans therefore by the Developer. During construction, the Owner shall cause the Building Site to remain in a reasonably neat and orderly condition, preventing the accumulation of trash thereon and the runoff of surface water and soil from the Building Site onto adjacent property or streets. If, at the end of the above stated one (1) year period, construction of any Improvement is not being diligently pursued by the Owner, then the Developer shall have the option to proceed with such construction and any cost incurred by the Developer relative to such construction shall be paid by the Owner.

3.3 Excavation: No excavation shall be made on any Building Site except in connection with the construction of Improvements thereon or as may be directed by a master grading plan which may be developed for the Property. Upon completion of construction of Improvements on the Building Site exposed openings shall be backfilled and disturbed ground shall be smoothly graded and landscaped.

2.4 Storm Drainage:

A. Plans and specifications for any Improvement on any Building Site shall include a detailed storm drainage plan indicating quantity and direction of storm water runoff, pipe size and location, catch basins, head walls, ditches, swales and other drainage structures or improvements to be constructed by the owner. Such plan must conform to and be consistent with any easements or storm water detention facilities depicted on the Plat or any subsequent plats filed by Developer.

B. All storm drainage shall be carried to designated drainage easements and in no case shall any storm drainage from the Building Site be carried across the Owner's property line onto another Building Site except when confined within the drainage easements or in order to access a drainage easement.

C. Drainage plans for Building Sites shall be approved by the Developer, as provided in Article VI hereof, and shall be designed to coordinate with the drainage of the entire property. No drainage of a Building Site shall be constructed which would prohibit the proper drainage of other Building Sites within the Property.

2.5 Landscaping:

A. The plans and specifications of landscaping to be performed in connection with a Building Site shall be submitted to Developer and shall include a detailed irrigation system and landscaping scheme indicating the location, size, type and height of each planting noted thereon, and shall at least conform to the minimum requirements to be established by Developer to insure a uniform and aesthetically pleasing appearance in harmony with the development as a whole. The developer shall have the right and authority to approve or disapprove such plans and specifications or to require specific additions thereto or deletions therefrom, so as to insure harmony with the surrounding Building Site and areas.

B. All irrigation systems and landscaping allowed in connection with any Building Site by Developer shall be completed within sixty (60) days after the substantial completion on construction of the buildings or structures to be constructed on the Building Site and shall be completed at the sole expense of the Owner of such Building Site. Thereafter, the maintenance of such landscaped areas and irrigation systems shall be performed by the Developer as if the same were

considered "Common Property" as defined in and subject to the Assessments and related provisions of Article V hereof.

2.6 Signs.

A. No sign, billboard, identification marker, monument, sculpture or the like shall be permitted on any Building Site or on the exterior of any building or other structure located thereon, except as approved by Developer

B. All signs shall conform to setback lines imposed by appropriate governmental ordinances, zoning laws, etc.

3.7 Outside Storage. Unless visually screened in a manner acceptable to the Developer, no materials, supplies, equipment, finished or semi-finished products or articles of any nature shall be stored or permitted to remain outside any building on any Building Site or any area of the Common Property. Any Owner's waste is to be collected by any public or private garbage collection services, at Owner's expense, and such waste must be placed in moveable, covered containers and placed by the Owner at pickup points designated by Developer, only on scheduled pickup days.

3.8 Parking. Parking shall be permitted only on marked parking spaces located in streets or in other areas within the Common Property designated for parking by the Developer. There will be no reserved parking spaces, all spaces will be available to all Owners and their tenants, invitee, and licensees; provided, the use of parking spaces shall be subject to such rules and regulations as Developer may elect to establish. No parking of vehicles shall inhibit traffic on subdivision streets and no parking shall occur on common areas or streets adjacent to Building Sites except temporary parking for purposes of loading and unloading.

3.9 Utility Connections. Except as otherwise approved by the Developer, all utility connections, including all electrical and telephone connections and installation of wires of Improvements, shall be made underground from nearest available power source. No transformer, electric, gas or other meter of any type or other apparatus shall be located on any power pole or hung on the outside of any building or other improvement, but the same shall be placed at or below ground level, and where placed be subject to the prior written approval of the Developer, which approval shall not be unreasonable withheld. The above notwithstanding, overhead electrical connections shall be permitted during the construction period of the Improvements.

3.10 Utility and Access Easements. The Developer hereby reserves and is given a perpetual, alienable and releasable easement over the Property for the installation of utilities (including water, electric, telephone, gas, cable TV, drainage and sewer lines related equipment such as pumps and lift stations), including access to Building Sites for installation and maintenance of same. The Developer shall have the unrestricted and sole rights and power of alienating, conveying and releasing the easements reserved under the terms of this paragraph to utility providers and other appropriate recipients. All such easements, including those designed on the Plat, shall remain private easements and the sole and exclusive property of the Developer, its successors and assigns, unless conveyed and/or alienated to third parties for the purpose of providing utility services. Further, in this regard, Developer, for itself and its successors and assigns, reserves a perpetual, alienable and releasable easement over the Property for access and installation and maintenance of the above referred to utilities to adjacent properties which Developer may currently own or acquire in the future.

3.11 Fences. No fence, wall, hedge or mass planting shall be erected, installed or permitted to remain on the Property without prior written approval of the Developer.

3.12 Exterior Lighting. All exterior lighting on any Building Site shall be designed, erected, altered and maintained in accordance with plans and specifications approved by the Developer, which approval shall not be unreasonable withheld. Lighting shall be compatible and harmonious throughout the entire development and shall be in keeping with the exterior design of the building on the Building Site in question. In this regard, such lighting shall be leased, at least initially, by Developer from Duke Power Company and each owner of a Building Site shall be responsible for payment of a pro rata share of the costs thereof, which sum shall be collected as part of the assessment provided in Article V hereof.

2.13 Maintenance of Improvements.

A. Each Owner of any Building Site shall keep all Improvements thereon in a safe, clean, maintained, neat condition and shall comply in all respects with all governmental statutes, ordinances, regulations and health, police and fire requirements. Each such Owner shall remove at its own expense, on a regular basis, any rubbish or trash of any type which may accumulate on its Building Site or adjacent Common Area. If any Owner shall fail to comply with this obligation, and shall fail to take corrective measures within thirty (30) days after

BOOK 1403 PAGE 045

receipt of a notice from Developer (or Developer's successors ) demanding that such measures be taken, then Developer or its successors shall have the right to exercise one or both of the following remedies:

- (1) Undertake and complete the corrective measures at Developer's expense, in which event Owner must reimburse Developer for the actual costs plus a reasonable fee for performing such work; and/or
- (2) Assess a monetary penalty against Owner in an amount to be determined by Developer.

All amounts charged to Owner under either of these remedies will constitute liens against the Owner's Building Site, collectible and enforceable in accordance with Section 5.4 hereof.

- A. All porches, patios, balconies, and concrete or paved aprons on a Building Site shall be kept in good repair and swept clean from dirt and silt.
- B. No Improvement on any Building Site shall be permitted by the Owner of such Building Site to fall into disrepair, and each such improvement shall at all times be kept in good condition and repair, properly maintained and adequately painted or otherwise finished.

ARTICLE IV  
Operations Standards

4.1 Permitted Uses. All Building Sites shown on the Plat, or as may hereafter be developed, shall be used for residential building purposes only.

4.2 Damage to or Destruction of Improvements. Any Improvements on any Building Site damaged in whole or in part by fire, windstorm, tornado, vandalism, strike or civil disorder, or the like, shall be repaired and restored or replaced immediately, including the removal of debris, or should it be determined by the Owner, at its own expense, shall demolish and remove the damaged Improvement from its Building Site and thereafter maintain the Building Site in a graded, maintained condition until the Building Site is again improved in accordance with the provisions hereof. In no instance shall any damaged Improvement remain on the Building Site unrepaired or unremoved for a period in excess of ninety (90) days from the date of said casualty. In this regard, it shall be required that any Owner of a Building Site shall maintain adequate hazard insurance coverage

thereon at Owner's expense. A liability insurance policy shall be maintained on all "Common Areas" by Developer, or the successor thereto, the premiums of which shall be a common expense as set forth in Article V hereof.

4.3 Right to Enter. During reasonable business hours, the Developer or its authorized representatives shall have the right to enter any Building Site for the purpose of ascertaining whether the restrictions provided herein may have been violated. Any such entry shall constitute an authorized entry, and the Developer, or its authorized representatives shall not be deemed guilty of trespass or constructive eviction by reason thereof.

#### ARTICLE V.

##### Common Property; Easements

5.1 Easements on Common Property. All of the Common Property is hereby subjected to easements running in favor of the Developer and all Owners, to be utilized for such purposes as shall be designated by the Developer on the Plat, in these Restrictive Covenants, or on additional or amended plats to be recorded by the Developer. The easements created hereby include an easement for access and egress within the areas shown as Streets, Parking Areas and Boat docks on the Plat and all other roads, driveways, parking areas, sidewalks, board walks and walking trails, if any, and similar areas constructed and designed for access and egress by Developer. These easements are granted in perpetuity, and shall be deemed to run with the land for the benefit of the Developer and all its Owners. Further, in the regard, Developer reserves for itself and its successors and assigns a perpetual, alienable and releasable easement over the Property for access, ingress and egress, and installation and maintenance of utilities, including sewer lines and related equipment, to adjacent properties which Developer may currently own or hereafter acquire in the future.

5.2 Responsibility for Common Property The Developer or its successors and assigns shall operate and maintain the Common Property. At the sole discretion of the Developer, any and all roads and utilities may be dedicated to the appropriate governmental authority.

5.3 Expenses of Common Property The Owners of the Building Sites shall defray the total expenses of the Developer for the operation, maintenance, repairs, replacements and services for the Common Property and all improvements thereon, including, but not

limited to, utilities, sewer lines and related equipment, lighting, roads and parking areas resurfacing, maintenance and repair of boat docks, sprinkler systems, trash removal, cleaning, liability insurance premiums, landscaping management expenses, and real property taxes.

5.4 Assessments Each Owner's share of the aforesaid expenses shall be a sum equal to the product of the amount of such total expenses multiplied by a fraction, the numerator of which shall be the square footage of the building(s) on Owner's Building Site, and the denominator of which shall be the total square footage of all buildings on all Building Sites. For purposes of making these calculations before the completion of buildings on all Building Sites, Developer shall make a good faith estimate of the square footage of the buildings which are likely to be constructed on each Building Site and the Owner of each Building Site will be bound by such estimate until plans and specifications showing actual square footage shall be approved by Developer. The square footage shown in those plans shall be used for such calculations thereafter, subject to adjustment as necessary after completion of the Improvements. Each Owner will be assessed its respective share of the aforesaid expenses not more frequently than monthly, and payment of such assessments shall be due within fifteen (15) days after receipt of a bill therefore at the Building Site. Assessments not timely paid shall constitute a lien against the Building Site to which the assessment pertains from and after the due date of such assessment, and may be collected by the Developer together with all costs of collection from the non-paying Owner by appropriate legal action; provided such lien shall be subordinate to the lien of any first mortgage on the Building Site.

#### ARTICLE VI

##### Approval of Plans; Vacancies; Easements

6.1 Approval. No Improvement shall be erected, placed, replaced, altered, maintained or permitted to remain on any Building Site until plans and specifications showing a site plan, drainage plan, all exterior elevations, exterior building materials and colors, structural design, and landscaping plans (if any), shall have been submitted to and approved in writing by the Developer. Such plans and specifications shall be submitted in writing over the signature of the Owner of the Building Site or his authorized agent. Repairing the exterior of Improvements shall not require approval under this Section so long as the color of the paint is the same as the previously approved color. Roofing shall be performed with such materials and color thereof as approved by Developer.

6.2 Basis of Approval. Approval shall be based on conformity and harmony of exterior design with neighboring structures; effect of location and use of Improvements on adjacent Building Sites; relation of topography, grade and finished ground elevation of the Building Site being improved to that of neighboring Building Sites; proper facing of main elevation with respect to nearby streets, and conformity of the plans and specifications to the purpose and general plan and intent of these Protective Covenants and other applicable restrictive covenants. The decision of the Developer as to such matters shall be conclusive and final. The Developer shall not arbitrarily or unreasonably withhold its approval of such plans and specifications.

6.3 Time for Approval. If the Developer fails to either approve or disapprove such plans and specifications within thirty (30) days after a complete package of the same has been properly submitted to the Developer, the Developer shall be conclusively presumed to have approved said plans and specifications. All plans and specifications and all Improvements must comply in all respects with the requirements set forth herein.

6.4 No Liability. Neither the Developer, nor its successors nor assigns, shall be liable in damages or otherwise to anyone submitting plans to Developer for approval, or to any Owner affected by these Restrictive Covenants and Easements, for any cause arising out of or in connection with the approval or disapproval or failure to approve such plans. Every entity which submits plans to the Developer for approval agrees by submission of such plans, and every Owner of any Building Site agrees by acquiring title hereto or interest therein, that it will not bring any action or suit against the Developer to recover any such damages or any other relief based upon the aforesaid causes.

6.5 Variances. The Developer, and its successors and assigns, are hereby authorized and empowered to grant reasonable variances from the provisions of these Restrictive Covenants and Easements in order to overcome practical difficulties and unnecessary hardships in the application of these provisions; provided, however, that such variances shall be reasonably consistent with the purposes hereof and shall not materially adversely affect any existing Improvements on the Property. The variance granted pursuant to the authority granted herein shall constitute a waiver of provisions of these Restrictive Covenants and Easements by all Owners of Building Sites, and all Owners thereby irrevocably and unconditionally appoint the Developer, its successors and assigns, as their true and lawful attorney-in-fact for the limited purpose of consenting to the aforesaid variances.

ARTICLE VII

Enforcement

7.1 Responsibility of Owner. Each Owner shall be responsible for compliance with the terms, provisions and conditions of this instrument by its employees, agents, independent contractors, tenants, building occupants, customers and visitors.

7.2 Abatement and Suit. Violation or breach of any restriction herein contained shall give the Developer and every Owner, subject to these Protective Covenants, the right to prosecute a proceeding at law or in equity against the Owner who has violated, is attempting to violate or is permitting the violation on its Building Site of any of these restrictions, including, without limitation, actions to enjoin or prevent such Owner from doing so, to cause said violation to be remedied, or to recover damages for said violation.

7.3 Deemed to Constitute a Nuisance. Any action, or omission whereby any restriction herein contained is violated in whole or in part is hereby declared to be and to constitute a nuisance, and every remedy allowed by law or equity against as Owner, either public or private, shall be applicable against every such action or omission and may be exercised by the Developer or by any Owner.

7.4 Attorney's Fees. In any legal or equitable proceeding for the enforcement of this Declaration or any provision hereof, the losing Owner shall pay the attorney's fees of the Developer and/or the prevailing Owner or Owners, in such amounts as may be fixed by the court in such proceedings. All remedies provided herein or at law or in equity shall be cumulative and not exclusive of any other remedies.

7.5 Failure to Enforce Not a Waiver of Rights. The failure of the Developer or any other Owner to enforce any restrictions herein contained shall in no event be deemed to be a waiver of the right to do so, nor of the right to enforce any other restriction. No suit shall lie against the Developer for any failure, refusal or omission to institute or join in any action or proceeding for the enforcement hereof or to restrain the violation of any of the provisions hereof.

ARTICLE VIII

Term, Termination, Modification and Assignment

8.1 Term. This declaration, every provision hereof and every covenant, condition and restriction contained herein shall continue in full force and effect for a period commencing on the date hereof and expiring twenty (20) years from the date hereof. Thereafter, the covenants shall automatically renew for successive periods of ten years unless modified in accordance with Section 8.2 below.

8.2 Termination and Modification. This Declaration, or any provision hereof, or any covenant, condition, or restriction contained herein, may be terminated, extended, modified or amended as to the whole of the Property, with the written consent of the Owners of seventy-five (75%) of the total square footage of the Building Sites; provided, however, that so long as the Developer owns any of the Building Sites, no such termination, extension, modification or amendment shall be effective without the written approval of the Developer thereto, and further provided that Developer may amend this Declaration or any provision hereof in order to revise property lines of Building Sites, as provided in Section 2.3.A

8.3 Assignment of Rights and Duties. The rights, powers, privileges, obligations and duties hereby specifically granted to or imposed upon the Developer (as opposed to those rights, powers, privileges, obligations and duties hereby granted to or imposed upon the Owner) may be transferred to any successor or assign of the Developer which succeeds to the Developer's interest in the Common Property. The Developer shall have the absolute right to make such a transfer, without any obligation to seek or obtain consent or approval of such a transfer from any Owner or Owners. Developer may elect to transfer such interest and rights to an owner's association comprised of the Owners of Building Sites. Such owners' association would be organized by Developer as and when Developer elects to do so and would be governed according to bylaws and any rules and procedures established by a majority vote of Owners. Any such successor or assign of the Developer shall, in a writing in recordable form, expressly assume the obligations and duties of the Developer hereunder. From and after the date of such written assumption, the Developer shall be released and excused from further liability hereunder and from the exercise of all rights, powers, privileges, obligations and duties hereby granted to or imposed upon the Developer (as opposed to those rights, powers, privileges, obligations and duties granted to or imposed hereby upon the Developer as an Owner, and the successor or assign of the Developer shall possess and may exercise all rights, powers and

privileges, and shall be subject to all duties and obligations, formerly specifically granted to or imposed upon the Developer. Notwithstanding the above, so long as Developer owns any portion of the Property, Developer may reserve the right to approve or disapprove plans and specifications for construction of Improvements, as set forth in Article VI hereof even after assigning the remainder of such rights to another party.

8.4 Assignment of Owner's Rights and Duties. The rights, powers, privileges, obligations and duties hereby granted to or imposed upon any Owner may not be assigned or delegated except to a person or entity acquiring the Owner's interest in a Building Site or any lessee or sublessee of such Owner. The instrument by which the interest of any Owner in a Building Site is acquired shall recite that it is subject to these Restrictive Covenants and Easements and shall contain an agreement by the transferee to be bound by all of the terms and conditions hereof.

ARTICLE IX

Miscellaneous Provisions

9.1 Constructive Notice and Acceptance. Every person or entity which now or hereafter owns or acquires any right, title or interest in or to any portion of the Property is and shall be conclusively deemed to have consented and agreed to and assumed every covenant, condition and restriction contained herein, whether or not any reference to these Restrictive Covenants and Easements is contained in the instrument by which such person or entity acquired an interest in the Property.

9.2 Mutuality, Reciprocity; Runs with the Land. All restrictions, conditions, covenants and agreements contained herein are made for the direct, mutual and reciprocal benefit of each and every part and parcel of the Property; shall create a mutual, equitable servitude upon each Building Site in favor of every other Building Site; shall create reciprocal rights and obligations between the respective Owners of all Building Sites; and shall, as to the Owner of each Building Site, its heirs, successors and assigns, operate as covenants running with the land, for the benefit of the remainder of the Property.

9.3 Inurement. This instrument shall bind and inure to the benefit of the Developer and all Owners, and their respective successors, assigns, heirs and legal representatives.

9.4 Paragraph Headings. Paragraph headings, where used herein, are inserted for convenience only and are not intended to be part of this Declaration or in any way to define, limit or describe the scope and intent of the particular paragraphs to which they refer.

9.5 Effect of Invalidation. If any provision of this Declaration is held to be invalid by any court, the invalidity of such provision shall not affect the validity of the remaining provisions hereof.

9.6 The right of way for Briar Court which is south of Lot 2 of said plat may be abandoned by the developer and converted into reserved area in the event that South Crooked Creek Road becomes a public road or otherwise becomes unrestricted in its use.

IN WITNESS WHEREOF, the undersigned Developer, Harbor Plus, LLC a South Carolina Limited Liability Company, has caused this Declaration of Covenants and Restrictions to be executed this 24th day of February, 2005.
