Maintenance of the Entrance Monument(s) shall include maintenance, repair and reconstruction, when necessary, of the monuments, signage, irrigation, planters and lighting located thereon and providing and paying for landscaping, utility charges for irrigation and lighting of the monuments and signage located thereon.
- 4.6.2. All Common Areas, including, but not limited to, the Public Roads (prior to governmental acceptance for operation and maintenance), the Private Roads, and the Entrance Monument shall be clean and free from debris and maintained in an orderly condition, together with the

landscaping and irrigation thereon (if any) in accordance with the highest standards for private parks or common areas in comparable residential developments within the vicinity of the Development, including any removal and replacement of any landscaping, utilities, or Improvements located within the Common Areas.

- 4.6.3. The Association shall not be responsible for the maintenance of any Lot or any Improvements within the boundaries of any Lot, including, without limitation, any dock, pier or boatslip located within the Pier Zone adjacent to any Waterfront Lot, which shall be the sole responsibility of such Waterfront Lot Owner.
- 4.6.4. The Association shall have the right, but not the obligation, to inspect each Owner's Septic System in order to determine if it is in compliance with any requirements imposed by the Association or any governmental authority, with the cost of the Septic System Assessment to be based on the Association's contract with the inspector of the Septic Systems. Each Owner shall be responsible for maintaining the Septic System on its Lot in a proper operating condition and in compliance with any requirements imposed by the Association or any governmental authority.

Section 4.7. Reserve Fund. The Association shall establish and maintain an adequate reserve fund for (a) the periodic maintenance, repair and replacement of Improvements located on all Common Areas and the Public Roads (prior to dedication to and acceptance by Oconee County); (b) to fund unanticipated expenses of the Association; and/or (c) to acquire equipment or services deemed necessary or desirable by the Board, from time to time, in its discretion. The Reserve Fund shall generally be collected and maintained out of the Annual Assessment, unless the Board determines that a Supplemental Annual Assessment or a Special Assessment is necessary to fund the Reserve Fund. The amount of the Reserve Fund shall be determined, from time to time, by the Board, in its sole discretion.

Section 4.8. Liability Limitations. Declarant, the Association, its Members, the Board, nor any officers, directors, agents or employees of any of them shall not be personally liable for debts contracted for or otherwise incurred by the Association or for a tort of another Member, whether or not such other Member was acting on behalf of the Association or otherwise. Neither Declarant, nor the Association, nor their directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any Improvements or property within the Development or for failure to repair or maintain the same. Declarant, the Association or any other person, firm or association making such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages occasioned by any act or omission in the repair or maintenance of any premises, Improvements or portions thereof. The Association shall, to the extent permitted by applicable law, indemnify, defend and hold harmless all Directors on the Board from and against any and all loss, cost, expense, damage, liability, claim, action or cause of action arising from or relating to the performance by the Board of its duties and obligations, except for any such loss, cost, expense, damage, liability, claim,

action or cause of action resulting from the willful misconduct or negligent acts or omissions of the person(s) to be indemnified.

Section 4.9. Maintenance of Private Roads. The cost of maintenance and repair of all Private Roads will be borne by Declarant until December, 2008. After that date, the maintenance and repair of the Private Roads shall be the sole responsibility of each group of Private Road Lot Owners ("**Private Road Lot Group**"). There shall be one Private Road Lot Group for the Private Road Lots that front on Wildflower Court and another Private Road Lot Group for the Private Road Lots that front on Sailview Drive. Each Owner of a Private Road Lot shall have the ability to enforce decisions concerning maintenance, repair, cleaning, reconstruction and replacement (if destroyed) made concerning the Private Road the serves their Private Road Lot Group, as more particularly set forth in Section 8.32. Declarant reserves the right to dedicate the Private Roads to public use and maintenance if the Oconee County Public Works Department or other governmental entity determines in the future that the roads can be dedicated to the public. Declarant assigns this reserved right to the Association and each Private Road Lot Owner so that they can dedicate the Private Roads to the public in the future.

ARTICLE V

ASSESSMENTS

Section 5.1. Creation of the Lien and Personal Obligation for Annual, Supplemental Annual, Special and Special Individual Assessments. Declarant, for each Lot owned within the Property, covenants, and each Owner of any Lot by acceptance of a deed, whether or not it is expressed in such deed, is deemed to covenant and agrees to pay to the Association Annual Assessments, Supplemental Annual Assessments, Special Assessments and Special Individual Assessments. Any such Assessment, together with interest, costs, and reasonable attorneys' fees, shall be a charge and a continuing lien upon the Lot against which each such Assessment is made, and the personal obligation of the Owner of the Lot at the time the Assessment fell due. The personal obligation for delinquent Assessments shall not pass to an Owner's successors in title unless expressly assumed by them, provided such Assessments, together with interest, costs, and reasonable attorneys' fees, shall be a continuing lien upon the Lot against which such Assessments are made.

Section 5.2. Purpose of Annual Assessment. The Assessments levied annually by the Association against each Lot ("**Annual Assessments**") shall be used as follows:

- 5.2.1. to repair, maintain, reconstruct (when necessary) and keep clean and free from debris the Common Areas and any Improvements located thereon, and to maintain the landscaping in accordance with standards in comparable developments within the vicinity of the Development;
- 5.2.2. to maintain and repair the Public Roads (but not the Private Roads) to the standards of the maintenance (if one is ascertainable) which would be required by the Oconee County Public Works Department or other governmental entity before it would accept it for maintenance;

- 5.2.3. to pay all costs associated with the lease of the Street Lights, including, but not limited to, monthly lease payments and utility costs;
- 5.2.4. to maintain appropriate street signage, stop signs and other community directional and informational signage of architectural quality;
- 5.2.5. to pay all ad valorem taxes levied against the Common Areas and any other property owned by the Association;
- 5.2.6. to pay the premiums on all insurance carried by the Association pursuant to this Declaration or the Bylaws;
- 5.2.7. to pay all legal, accounting and other professional fees incurred by the Association in carrying out its duties in this Declaration or the Bylaws; and
- 5.2.8. to maintain a reserve fund for the purposes set forth in Section 4.7 in amounts as determined by the Board.

Section 5.3. Payment of Annual Assessments; Due Date. Annual Assessments provided for shall commence as to each Lot in January, 2008. The Annual Assessment for each year shall be in an amount as set by the Board, in accordance with Section 5.4, and shall be due and payable in one annual payment, such payment being due and payable no later than January 31 of each such year. The Board shall fix the amount of the Annual Assessment as to each Lot for any calendar year at least thirty (30) days prior to January 1st of such calendar year, and the Association shall send written notice of the amount of the Annual Assessment, as well as the amount of the payment due, to each Owner on or before January 5th of such calendar year. The failure of the Association to send, or of a Member to receive, such notice shall not relieve any Member of the obligation to pay Annual Assessments. Notwithstanding the forgoing, the Board may alter the dates of the fiscal year for setting the Annual Assessments, and may increase or decrease the frequency of the collection of the Annual Assessments (or installments thereof) in any reasonable manner.

Section 5.4. Maximum Annual Assessment.

- 5.4.1. After the first year of Annual Assessments, the Board may increase the Annual Assessment each year (without a vote of the Members), by a maximum amount equal to the previous year's Annual Assessment times the greater of (i) ten percent (10%) or (ii) the annual percentage increase in the CPI. If the Annual Assessments are not increased by the maximum amount permitted under the terms of this provision, the difference between any actual increase which is made and the maximum increase permitted for that year shall be computed and the Annual Assessments may be increased by that amount in a future year, in addition to the maximum increase permitted under the terms of the preceding sentence for such future year, by a vote of the Board, without a vote of the Members.

- 5.4.2. After the first year of Annual Assessments, the maximum Annual Assessment may be increased above the maximum amount set forth in Section 5.4.1, by a vote of a majority of the votes appurtenant to the Lots which are then subject to this Declaration, plus the written consent of Declarant (so long as Declarant owns any part of the Property).
- 5.4.3. The Board may fix the Annual Assessment at an amount not to exceed the maximum set forth in Section 5.4.1 (the "**Maximum Annual Assessment**"). If the Board levies less than the Maximum Annual Assessment for any calendar year and thereafter, during such calendar year, determines that the important and essential functions of the Association cannot be funded by such lesser amount, the Board may, by vote in accordance with the Bylaws, levy a supplemental Annual Assessment ("**Supplemental Annual Assessment**"). The sum of the Annual Assessment and Supplemental Annual Assessment for any year shall not exceed the applicable Maximum Annual Assessment for such year, other than as set forth herein.

Section 5.5. Special Assessments for Capital Improvements. In addition to the Annual Assessment authorized above, the Association may levy, in any assessment year, a special assessment ("Special Assessment") applicable to that year only for the purpose of defraying, in whole or in part, the cost of (i) the construction of any Common Area Improvements which are not originally constructed by Declarant; or (ii) the reconstruction, repair or replacement of the Common Areas, including, but not limited to, the Public Roads (prior to acceptance for public maintenance), or the Entrance Monument(s) and all Improvements located thereon, including fixtures and personal property related thereto. Provided, however, any such Special Assessment must be approved by Declarant (so long as Declarant owns any part of the Property) and by a vote of a majority of the votes appurtenant to the Lots which are then subject to this Declaration.

Section 5.6. Special Individual Assessment. In addition to the Annual Assessments and Special Assessments authorized above, the Board shall have the power to levy a special assessment applicable to any particular Lot Owner ("**Special Individual Assessment**") (i) for the purpose of paying for the cost of any construction, reconstruction, repair or replacement of any damaged component of the Common Areas, whether caused by any act or omission of such Lot Owner(s), members of such Lot Owner's family, or such Lot Owner's agents, guests, employees or invitees and not the result of ordinary wear and tear; or (ii) for payment of fines, penalties or other charges imposed against any particular Lot Owner relative to such Lot Owner's failure to comply with the terms and provisions of this Declaration, the Bylaws, or any rules or regulations promulgated by the Association or Declarant pursuant to this Declaration or the Bylaws. Provided, however, Declarant shall not be obligated to pay any Special Individual Assessment, except with Declarant's prior written approval. The due date of any Special Individual Assessment levied pursuant to this Section 5.6 shall be fixed in the Board's resolution authorizing such Special Individual Assessment. Upon the establishment of a Special Individual Assessment, the Board shall send written notice of the amount and due date of such Special Individual Assessment to the affected Owner(s) at least thirty (30) days prior to the date such Special Individual Assessment is due.

Section 5.7. Assessment Rate.

- 5.7.1. Subject to the exception set forth in Section 5.7.2, Annual Assessments, Supplemental Annual Assessments, and Special Assessments must be fixed at a uniform rate for all Lots.
- 5.7.2. Annual Assessments, Supplemental Annual Assessments, and Special Assessments for each Lot owned by Declarant shall be one-third (1/3) of the amount of the Annual Assessments, Supplemental Annual Assessments, and Special Assessments for each other Lot in the Subdivision not owned by Declarant.

ARTICLE VI

SEPTIC SYSTEM ASSESSMENTS

Section 6.1. Creation of the Lien and Personal Obligation for Septic System Assessments. Declarant, for each Lot owned within the Property, covenants, and each Owner of any Lot by acceptance of a deed, whether or not it is expressed in such deed, is deemed to covenant and agrees to pay to the Association, Septic System Assessments for the inspection of each Lot Owner's Septic System. Any Septic System Assessment, together with interest, costs, and reasonable attorneys' fees, shall be a charge and a continuing lien upon the Lot against which the Septic System Assessment is made. Each Septic System Assessment, together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the Owner effective at the time when the Septic System Assessment falls due. The personal obligation for delinquent Septic System Assessments shall not pass to an Owner's successors in title unless expressly assumed by them, provided such Septic System Assessments, together with interest, costs, and reasonable attorneys' fees, shall be a continuing lien upon the Lot against which such Septic System Assessments are made.

Section 6.2. Purpose of Septic System Assessments. The Septic System Assessments to be levied annually by the Association against each Lot upon which a Septic System has been constructed shall be used to inspect each Lot's Septic System to ensure such Septic Systems are in compliance with any requirements imposed by the Association or any governmental authority, as set forth in the Association's contract with a contractor who performs the Septic System inspections.

Section 6.3. Payment of Septic System Assessments; Due Date. The Septic System Assessments provided for herein shall be payable, annually, in advance, and shall commence as to each Lot, and shall be due and payable by January 31st of the calendar year following the system installation. The initial Septic System Assessments for 2008 applicable to all Lots (for the calendar year in which construction is completed on such Lot) shall be established by the Board. Septic System Assessments for each year thereafter shall be payable no later than January 31st of such year, as established by the Board, subject to annual increases in accordance with Section 6.4.

The Board shall fix the amount of the Septic System Assessment for each year at least thirty (30) days prior to January 1st of such year, and the Association shall send written notice of the amount of the Septic System Assessment to each Lot Owner on or before January 5th of such year. Failure of the Association to send the notice described in this Section 6.3 shall not relieve the Owners of their liability for Septic System Assessments. Notwithstanding the forgoing, the Board may alter the dates of the fiscal year for setting the Septic System Assessments, and may increase or decrease the frequency of the collection of the Septic System Assessments (or installments thereof) in any reasonable manner.

Section 6.4. Maximum Septic System Assessment.

- 6.4.1. For years following the first year of Septic System Assessments and thereafter, the Board may increase the Septic System Assessment each year (without a vote of the Members) by a maximum amount equal to the previous year's Septic System Assessment times the greater of (i) twenty percent (20%) or (ii) the annual percentage increase in the CPI. If the Septic System Assessments are not increased by the maximum amount permitted under the terms of this provision, the difference between any actual increase which is made and the maximum increase permitted for that year shall be computed and the Septic System Assessments may be increased by that amount in a future year, in addition to the maximum increase permitted under the terms of the preceding sentence for such future year, by a vote of the Board, without a vote of the Members.
- 6.4.2. The Board may fix the Septic System Assessment at an amount not in excess of the maximum set forth in Section 6.4.1 (the "Maximum Septic System Assessment"). If the Board levies less than the Maximum Septic System Assessment for any calendar year and thereafter, during such calendar year, determines that important and essential functions of the Association cannot be funded by such lesser amount, the Board may, by vote in accordance with the Bylaws, levy a Supplemental Septic System Assessment. The sum of the Septic System Assessment and Supplemental Septic System Assessment for any year shall not exceed the applicable Maximum Septic System Assessment for such year, other than as set forth herein.

Section 6.5. Assessment Rate. Septic System Assessments and Supplemental Septic System Assessments shall be fixed at a uniform rate for all Lots.

ARTICLE VII

GENERAL ASSESSMENT PROVISIONS

Section 7.1. Certificate Regarding Assessments. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the Assessments on a specified Lot have been paid. A properly executed

certificate of the Association as to the status of Assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 7.2. Effect of Nonpayment of Assessments; Remedies of the Association. Any Assessment not paid by its due date, shall bear interest from such due date at the rate of eighteen percent (18%) per annum or the highest rate then permitted by law, whichever is less. In addition to such interest charge, the delinquent Owner shall also pay late charges as established by the Board to defray the costs arising because of late payment. The Association may bring an action at law against the delinquent Owner (or foreclose the lien against the Lot), and interest, late payment charges, costs and reasonable attorneys' fees related to such action or foreclosure shall be added to the amount of such Assessment. No Owner may waive or otherwise escape liability for the Assessments by not using the Common Areas.

Section 7.3. Subordination of the Lien to Mortgages. The lien of any Assessments shall be subordinate to the lien of any first Mortgage on a Lot. Sale or transfer of any Lot shall not affect the Assessment lien. The sale or transfer of any Lot pursuant to a mortgage foreclosure under any first Mortgage on a Lot, or any proceeding in lieu thereof, however, shall extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer; provided, however, that the Board may in its sole discretion determine such unpaid Assessments to be collectable pro rata from all Owners. No sale or transfer shall relieve the purchaser of such Lot from liability for any Assessments which become due after the transfer. The lien of such Assessments shall continue to be subordinate to the lien of any first Mortgage on a Lot.

ARTICLE VIII

RESTRICTIONS

Section 8.1. Land Use, Building Type and Single-Family Residential Restriction. All Lots in the Subdivision shall be used only for single-family residential purposes. No structure shall be erected, altered, placed or permitted to remain on any Lot other than for use as a single-family residential Dwelling. Only one Dwelling not exceeding 2½ stories in height above ground shall be erected or permitted to remain upon any Lot. No log cabin (or structure resembling a log cabin, or having the architectural characteristics of a log cabin), mobile home, modular home, pre-manufactured home, pre-engineered home or shell home may be erected or permitted to remain on any Lot. Carports (i.e., covered, open air structures) and detached garages or outbuildings (i.e., any structure that does not share a common wall with the Dwelling) are not permitted. The Dwelling must be stick built on the Lot. Any ownership or leasing arrangement for a Lot having the characteristics of a vacation time-sharing ownership plan, a vacation time-sharing lease plan or any other form of interval, sequential or shared ownership is expressly prohibited. Furthermore, no boat (including, without limitation, a houseboat), whether existing on a Lot or docked at a fixed pier or floating boat dock that is appurtenant to any property in the Subdivision, may at any time be used as a Dwelling.

Section 8.2. Dwelling Structure Size Restrictions. Any one (1) story Dwelling erected upon any Lot shall contain not less than two thousand (2,000) square feet. Any multi-story Dwelling shall contain not less than two thousand four hundred (2,400) square feet, and the first

floor shall contain not less than one thousand six hundred (1,600) square feet. The first floor shall be considered the floor on which the main entrance of the Dwelling exists. The square footage requirements refer to enclosed heated floor area and are exclusive of the area in unfinished basements, unheated porches of any type, attached garages, and unheated storage areas, decks or patios. Dwelling height shall not exceed 2½ stories, excluding basements or lower levels.

Section 8.3. Building Construction and Quality. Dwellings and boat docks shall be constructed of new material of good grade, quality and appearance and shall be constructed in a proper, workmanlike manner. No Dwelling with a fair market value of less than Three Hundred Thousand Dollars (\$300,000) (in terms of 2007 dollar value), exclusive of the cost of the Lot, shall be permitted on any Lot. No building shall be erected unless it is completely underpinned with a solid brick, brick or stone-covered block or stucco foundation. No exterior surface of any building shall be asbestos shingle siding, vinyl siding, red brick, imitation brick or stoneroll siding, or exposed concrete or cement blocks.

Section 8.4. Exterior Materials and Colors. Exterior materials shall be stucco, stone, cedar shake, Hardiplank, or horizontal siding, and brown or tan colored brick. Red brick Dwellings are not permitted. Post and beam accents are encouraged. When there is a change of material from front to side, front veneer material must be wrapped to cover 24" of the adjoining side. The practical exception to this would be a cedar shake and lap siding combination. Horizontal siding used must be fully back-supported to maintain a straight and even outer surface and must be fully and properly finished. Natural weathering of exterior wood materials is not desired. Vinyl siding is not permitted. Dwellings shall use the same or similar exterior materials on all sides of the structure. Permitted primary colors are subdued earth tones of tan, brown, gray, or green and permitted accent colors are subdued shades of red, green, gray, tan or cream, unless otherwise approved by the Board.

Section 8.5. Roofs. Roofs and roof pitches shall be in proportion to the overall size and shape of the Dwelling with a minimum overhang of 12 inches. The minimum roof slope for the main Dwelling structure shall be eight (8) vertical to twelve (12) horizontal and the maximum roof slope shall be twelve (12) vertical to twelve (12) horizontal with a twelve inch overhang. Steep roofs that incorporate traditional dormer or shed roof elements with pitches of 5:12 to 12:12 are generally acceptable. Double pitch roofs may utilize a minimum 9:12 roof for the main body of the roof and a minimum 6:12 roof over the porch elements. Shed roof elements may utilize 2:12 to 4:12 pitches. Acceptable roofing materials are (i) wood shingles, (ii) wood shakes, (iii) natural or man-made slate, (iv) tile or (v) minimum twenty-five (25) year warranty, variegated (not solid) color, dimensional architectural (sculpted) style, composition (fiberglass) shingles. Gutters and downspouts that drain water from roofs, designed to empty into natural drainage systems such as crushed rock beds or grass-lined swales, must carry water away from foundations, paved surfaces and adjoining Lots. Tin or rolled roofing material is permitted as accent material only on less than twenty percent (20%) of the roof surface area.

Section 8.6. Definition of Improvements. The term "Improvement" or "Improvements" shall mean and include any and all man-made changes or additions to a Lot, including, but not limited to, the location, materials, size and design of all Dwellings and buildings (including any exterior devices attached to or separate from Dwellings or buildings,

such as heating and air conditioning equipment, solar heating devices, antennae, satellite dishes); piers, docks, boatslips; roofed structures; parking areas; fences; statuaries and fountains; pet "runs," lines and similar tethers or enclosures; landscaping (including cutting trees); hedges; mass plantings; irrigation equipment, apparatus and systems; driveways; signs; site preparation; changes in grade or slope; exterior illumination; and changes in any exterior color or shape. The definition of Improvements includes both original Improvements and all later changes to Improvements.

Section 8.7. Setback Lines. No Improvements on any Lot (including any stoops, porches, or decks) shall be erected or permitted to remain within the front (street right-of-way), side (abutting right-of-way for a corner Lot) or rear building setback lines as noted on the Map or within the Lake Buffer Area. Piers and dock facilities are exempt from the rear setback restrictions. Driveways, which are connected to the residence and are not covered or enclosed in any manner, may encroach within the front and side setback, provided that such encroachment does not violate any applicable governmental requirement. If any zoning or subdivision ordinance, floodway regulations or other ordinance, law or regulation applicable to a Lot prescribes greater setbacks, then all buildings erected during the pendency of that zoning or subdivision ordinance, floodway regulations or other ordinance, law or regulation shall be governed by the greater setbacks unless otherwise shown on the Map: (a) front setbacks for Lots that front on Public Roads are 50 feet from the Public Road right-of-way; (b) front setbacks for Lots that front on Private Roads are 25 feet from the Private Road easement lines; (c) side setbacks are 10 feet from the property line; (d) rear setbacks for non-Waterfront Lots are 35 feet from the rear property line; and (e) rear setbacks for Waterfront Lots are 50 feet from the 800' MSL contour or 5 feet from the 804' MSL contour, whichever is greater.

Section 8.8. Minor Setback Violations. In the event of the unintentional violation of any of the building setback restrictions, in the amount of ten percent (10%) or less of the applicable setback restriction, Declarant reserves the right, but is not obligated, to waive in writing such violation of the setback restrictions upon agreement of the Owner of the Lot upon which the violation occurs and the Owner of any Lot adjoining the violated setback, provided that such change is not in violation of any zoning or subdivision ordinance or other applicable law or regulation or, if in violation, only if a variance or other similar approval has been received from the appropriate governmental authority.

Section 8.9. Subdivision and Combination of Lots. Except as otherwise set forth herein, no Lot shall be subdivided by sale or otherwise to reduce the Lot area shown on the Map, except by Declarant. However, a Lot Owner may combine one Lot with contiguous Lot(s) so long as the parcel or parcels which result from such combination do not violate any applicable zoning ordinance, subdivision ordinance or other applicable law or regulation. Furthermore, the Owner of any Lot which combines with all or a portion of a contiguous Lot shall be solely responsible for any costs which may result from such combination, including the costs of relocating any existing easements. Notwithstanding the foregoing, Declarant reserves the right to change the boundaries or dimensions of any Lots still owned by Declarant as may be needed to meet Septic System requirements or for any other reason and any Lot or Lots which result from such change by Declarant shall not be subject to any additional Assessment.

Section 8.10. Utilities and Maintenance within Utility Easements. Declarant reserves certain easements for the installation and maintenance of utilities (electricity, septic system, water, gas, telephone, cable television, etc.) as set forth in Section 11.7. Additional utility easements are reserved as more particularly shown and delineated on the Map and in other recorded easement documents. Within such easements, no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may interfere with drainage and the flow of water within the easement areas. The Owner of each Lot shall maintain that portion of the Lot lying within the easement areas as defined herein and shall maintain any Improvements located thereon, except those Improvements installed and maintained by a public authority or utility company. All utilities and utility connections shall be located underground, including electrical, telephone and cable television lines. Transformers, electric, gas or other meters of any type, or other apparatus shall be located at the rear of the Dwellings or Improvements constructed on Lots. Declarant reserves the right to create and impose additional easements over any unsold Lot or Lots for road drainage, utility and entry signage installation purposes by the recording of appropriate instruments, and such easements shall not be construed to invalidate any of these covenants.

Section 8.11. Storm Drainage Facility Maintenance. Declarant reserves easements for storm drainage facilities as set forth in Section 11.7. Additional drainage easements are reserved as more particularly shown and delineated on the Map and in other recorded easement documents, including the following: (a) 15' drainage easement along the property line between Lot 3 and Lot 4; (b) 15' drainage easement along the property line between Lot 9 and Lot 10; (c) 15' drainage easement along the boundary between Lot 13 and Lot 14; (d) 15' drainage easement along the boundary between Lot 20 and Lot 21; (e) 15' drainage easement along the boundary between Lot 28 and Lot 29; (f) 15' drainage easement along the boundary between Lot 30 and Lot 31; and (g) 15' drainage easement along the boundary between Lot 35 and Lot 36. Within such easements, no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may interfere with drainage and the flow of water within the easement areas. The Owner of each Lot shall maintain that portion of the Lot lying within the easement areas as defined herein and shall maintain any Improvements located thereon, except those Improvements installed and maintained by a public authority or utility company. Each Owner is responsible for keeping the storm drainage easement areas on their Lot clean and free from debris. If an Owner fails to do so, the Association has the right to hire a contractor to undertake such maintenance responsibilities and the cost shall be charged to the Lot Owner as a Special Individual Assessment against their Lot. Provided, however, if an outfall or storm drainage facility breaks underground, to the extent that the public authority or utility company does not make appropriate repairs, the Association reserves the right to hire a contractor and pay for such repairs through the Annual Assessment (or, if necessary, through a Special Assessment).

Section 8.12. Fences and Walls. No fences or walls may be erected nearer the front lot line of a Lot than the front face of the Dwelling located on such Lot. No wooden fences or brick or stone walls greater than six (6) feet in height are permitted. Chain link or other metal fencing is also not permitted, except for black wrought iron fencing, which is permitted. However, 2" x 4" metal mesh may be used with split rail fencing to contain animals or children within rear or side yards. Perimeter fencing shall not have more than fifty percent (50%) of any of its surface closed as viewed from a point on a line of sight perpendicular to the line of the fence (the

“Openness Test”). A wall constructed of brick or stone and used in lieu of a fence is exempt from the Openness Test.

Section 8.13. Signs. No signs of any kind may be displayed to the public view on any Lot, with the following exceptions which may not exceed four (4) feet in height or five (5) square feet in size excluding staking: (a) one sign (on the Lot only) advertising the Property for sale or rent; (b) one sign on the Lot only used by a builder to advertise the Lot during the construction and sales period; and (c) temporary political signs. These restrictions shall never apply to temporary entry signs or advertising by Declarant, or for sale signs installed by Declarant or its agents prior to the sellout of the Subdivision.

Section 8.14. Antennas; Satellite Dishes or Discs. No radio or television transmission or reception towers, antenna, satellite dishes or discs shall be erected or maintained on any Lot, except that one (1) dish or disc not exceeding one (1) meter in diameter or diagonal measurement for receiving direct broadcast satellite service (“**DBS**”) or multi-point distribution services (“**MDS**”) may be erected and maintained on each Lot. No roof-mounted antenna, dishes or discs for DBS or MDS service shall be permitted on any Lot if adequate broadcast reception can be obtained without mounting such equipment on the roof of the Dwelling. If roof-mounted equipment is required, no antenna or related structures may be mounted on masts exceeding twelve (12) feet in height above the highest roof line ridge of the Dwelling. Any dish, disc, or antenna (with associated mast) shall be professionally installed and reasonably camouflaged and screened from view from Lake Keowee and the public road on which the Lot fronts, and shall not be located in the area between the street right-of-way line and the minimum building setback lines applicable to the Lot. In cases where an antenna wire does not require the use of a mast, landscaping or some other means to reduce its visual impact must camouflage such wire.

Section 8.15. Lot Maintenance; Trash Disposal. Each Owner shall keep his Lot, and the area adjacent to the Lot between the edge of (a) the Public Road right-of-way or (b) the Private Road easement and the edge of the pavement or curb, in a clean and orderly condition and shall keep the Improvements thereon in a suitable state of painting and repair, promptly repairing any damage caused by fire or other casualty. No clothes line may be erected or maintained on any Lot. No Lot shall be used in whole or in part for storage of trash of any kind whatsoever and no trash, rubbish, stored materials or similar unsightly items shall be allowed to remain on any Lot outside of an enclosed structure, except when temporarily placed in closed, sanitary containers pending removal by trash collection authorities or companies.

Section 8.16. Off-Road Parking; Off-Water Boat Storage. Prior to the occupancy of any Dwelling, each Lot Owner shall provide an attached garage and a concrete or asphalt driveway that provides space for parking at least two (2) vehicles. No recreational vehicles or related equipment, including any boat, houseboat, trailer, motor home or "camper" vehicle may be maintained, stored or kept on any portion of the Property, except in enclosed garages, and may never be used as a residence. All vehicles must have a current license plate affixed and all vehicles must be parked in an enclosed attached garage, or on a concrete or asphalt driveway.

Section 8.17. Sewage Disposal. Every Dwelling erected on any Lot shall be served by a individual on-site septic system approved by the South Carolina Department of Health and Environmental Control (“**DHEC**”) for the disposal of domestic sewage, or connected to a private

or public sewage disposal system. All septic systems or other private sewage disposal systems shall be approved by, and constructed and maintained in accordance with, all the regulations and requirements of all governmental authorities and regulatory agencies having jurisdiction. By purchasing a Lot, each Owner acknowledges that any governmental permit or approval allowing for the construction and operation of a Septic System may be limited in duration in accordance with its terms, and neither Declarant, nor the Association, nor the officers, directors, members, employees, agents or affiliates or any of them, shall have any liability, directly or indirectly, based on the inability of an Owner to obtain any such permit or approval (including an extension or continuation) following its initial expiration.

The Owner of the Lot for which a Septic System is being installed shall be responsible for obtaining all necessary environmental permits and other permits for the use of the Septic System and shall hold harmless Declarant, the Association, its successors and assigns, from any loss, damage or liability relating thereto, except to the extent that such loss, damage or liability results from the negligent act or omission or willful misconduct of Declarant, the Association, its successors and assigns, or its officers, directors, agents, employees, members, invitees or licensees. Prior to the installation of a Septic System, the Owner of the Lot shall have the proposed location of such Septic System staked and approved by the appropriate governmental authorities, and such Septic System shall be approved by, and constructed and maintained in accordance with all regulations and requirements of all governmental authorities and regulatory agencies of competent jurisdiction. The Owner of the Lot shall be responsible for operating and maintaining the Septic System at the Owner's sole cost and expense.

Section 8.18. Public Water System; No Wells. Declarant shall cause a public water system to be constructed to provide water supplies necessary to serve the Subdivision (the "**Water System**"). All water mains, pipes and other equipment necessary for the operation and maintenance of the Water System shall be located within the utility easements described in **Section 8.10**, or within Public Road rights-of-way or Private Road easements. The Water System and all mains, pipes, equipment and other personal property which is part thereof, is the property of the Seneca Light and Water Plant, a public utility company duly licensed and operating under the authority granted by the South Carolina Public Service Commission. The Water System shall be the sole source of potable water for the Subdivision, and no well may be dug or constructed on any Lot for the purpose of providing a domestic water supply.

Section 8.19. Nuisances. No noxious or offensive trade or activity shall be carried on or upon any Lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to the other Owners in the Subdivision. No substance, thing or material shall be kept upon any Lot that will emit foul or obnoxious odors, or that will cause any noise that will or might disturb the peace and quiet of the occupants of surrounding property. No hunting is permitted on any part of the Subdivision. No plants, animals, devices or things shall be maintained on any Lot whose activity or existence in any way is noxious, dangerous, unsightly, unpleasant or of a nature as may diminish or destroy the enjoyment of the Subdivision. Without limiting the generality of the foregoing, no speaker, horn, whistle, siren, bell, amplifier or other sound device, except such devices used exclusively for security purposes, shall be located, installed or maintained upon the exterior of any Lot unless required by law.

Section 8.20. Removal of Trees and Other Vegetation. All trees, shrubs and ground cover within the Lake Buffer Area are considered to be “Protected Vegetation” in that cutting and clearing is not permitted therein without the prior written consent of Declarant. Subject to local ordinances and Duke Energy Lake Services’ Shoreline Management Guidelines, the practical exceptions to this rule are that dead or diseased trees and poisonous plants may be removed, underbrush may be selectively cleared within two (2) feet of the ground, individual trees may be limbed up to one-third (1/3) of the tree height, and ground covers may be planted, and a four (4) foot path may be cleared to provide access to piers. Lawn grass such as fescue, Bermuda, Zoysia, and centipede must not be planted inside the Lake Buffer Area. In addition to the Protected Vegetation within the Lake Buffer Area, any “Mature Trees” on the Lot that are more than twenty (20) feet from the footprint of the Dwelling or more than five (5) feet from the driveway may not be cut down or otherwise removed without the written approval of the Board. For purposes of this Declaration, “**Mature Trees**” shall mean all evergreen or deciduous trees with a caliper of four (4) inches or greater.

Section 8.21. Replacement of Damaged or Destroyed Trees. Declarant reserves the right and easement to go upon any Lot or other portion of the Property to replant or order the replanting of any trees, shrubs or other vegetation removed within the Subdivision in violation of the terms of **Section 8.20**. If Declarant exercises its easement rights pursuant to the terms of this **Section 8.21**, the Owner of the nonconforming Lot shall reimburse Declarant within fifteen (15) business days following the submission of an invoice for any costs or expenses incurred. The exercise or non-exercise of the easement rights contained in this **Section 8.21** shall be subject to the discretion of Declarant, provided that Declarant, shall not have the obligation to exercise such rights. In the event that Declarant is no longer in existence and has not assigned its Declarant rights to another entity, any of the other Lot Owners in the Subdivision can sue to enforce Declarant’s rights reserved under this **Section 8.21**, pursuant to their enforcement rights under **Section 13.1** of this Declaration. In either case, a replanting plan by the Owner may be required which details the size, type, and location of replacement vegetation. All vegetation planted for the purposes of replacement must be guaranteed for one (1) year after installation. Any vegetation that is dying, dead, or otherwise in poor health at the end of its first installation year must be replaced. If such trees are replaced, the newly installed trees will also be guaranteed for an additional one (1) year period after replacement. All trees replanted to replace dead, dying, or diseased trees or other vegetation in poor health will be considered “Protected Vegetation” regardless of their caliper size. Row planting within the Lake Buffer Area of evergreens reaching a mature height of greater than six (6) feet is not permitted.

Section 8.22. Docks, Piers and Boat Houses. Duke controls access to, use of, and water levels in Lake Keowee. Any Waterfront Lot Owner must receive permission from Duke (or a successor manager of Lake Keowee under authority from the FERC) prior to placing or constructing any pier, structure or other Improvement within or upon, or conducting any activity altering the topography of, the hydroelectric project surrounding and encompassing the waters of Lake Keowee. Declarant makes no oral, express or implied representation or commitment as to the likelihood of any Owner obtaining such permission, nor as to the continued existence, purity, depth or levels of water in Lake Keowee, and Declarant shall have no liability with respect to these matters. Construction of dock facilities is also subject to the recorded restrictions and easements affecting the Lot. Enclosed docks or boathouses will not be allowed either on the water or within the Lake Buffer Area. Covered docks must be one level, have pitched roofs, and

must be uniformly colored green or brown. Two-level or multi-level docks are not permitted. The placement, construction, or use of any pier or dock or any activity altering the topography of the hydroelectric project surrounding and encompassing the waters of Lake Keowee shall be subject to each of the following:

- 8.22.1. easements, restrictions, rules, regulations and guidelines for construction and use promulgated by Declarant;
- 8.22.2. all laws, statutes, ordinances and regulations of all Federal, State and local governmental bodies having jurisdiction thereof, including without limitation, FERC; and
- 8.22.3. rules and regulations, privileges and easements affecting the Lot and the waters and submerged land of Lake Keowee established by Duke, its successors and assigns. Duke is the manager of Lake Keowee under authority granted by FERC, and its current management plan runs through August 31, 2016. As manager of Lake Keowee, Duke controls access to, the use of, and the water level in Lake Keowee. All Owners, Declarant and any builders must receive permission from Duke (or a successor manager of Lake Keowee, under authority from FERC) prior to any alterations therein, including the construction and continued use and maintenance of any dock, pier, or boatslip.
- 8.22.4. No Lot Owner shall construct a pier of any kind, boat mooring or any other structure outside the pier zone designated on the Map applicable to such Lot.

Section 8.23. Boat Ramps. No boat ramps of any kind shall be permitted on any Lot, and no boat shall be placed in (or removed from) the waters of Lake Keowee from any Lot; provided however, small watercraft such as canoes, dinghies, and jet skis may be launched from any Lot if launched without a ramp. All other watercraft shall be launched from a public boat ramp outside the Subdivision.

Section 8.24. Rights of Duke. Duke has certain privileges and easements affecting the Development which include the right, privilege and easement of backing, ponding, raising, flooding or diverting the waters of Lake Keowee and its tributaries upon and over the Subdivision, as more specifically described in the deed from Duke to Declarant, and under the Duke Lease.

Section 8.25. Non-Waiver. No delay or failure on the part of an aggrieved party to invoke an available remedy in respect to a violation of any provision contained herein or referred to herein shall be held to be a waiver by that party of any right available to the party upon the recurrence or continuance of said violation or the occurrence of a different violation.

Section 8.26. Entrance Monument Easement. Declarant reserves a non-exclusive perpetual easement over the Common Area for the purpose of landscaping and maintaining the entryway and erecting and maintaining the Entrance Monument for the Subdivision. An easement is reserved by Declarant for itself, its successors in interest and assigns, and granted to the Association over portions of the Subdivision identified as "Entrance Monument Easement," "Entrance Monument Area," "COS," or other similar term on the Map. Declarant or the

Association shall have the right to landscape, maintain and irrigate the entryway to the Subdivision. Further, Declarant or the Association shall erect and maintain one or more monuments with an entrance sign (collectively, the "Entrance Sign") bearing the name of the Development. The Entrance Sign shall be built in accordance with the applicable governmental standards for signs. Declarant may erect and maintain lighting for the Entrance Sign, landscaping, and other Improvements typically used for an entrance into a residential community.

Section 8.27. Night Lighting of Recreational Facilities. Night lighting of recreational facilities on Lots is not permitted unless otherwise approved by the Board for safety reasons.

Section 8.28. Erosion and Sediment Controls. Prior to any earth disturbing activity, erosion and sediment control measures shall be implemented and undertaken by the Owner or Owner's builder in accordance with the applicable requirements imposed by DHEC, from time to time.

Section 8.29. Diligent Construction. All construction, landscaping or other work which has been commenced on any Lot must be continued with reasonable diligence to completion and no partially completed Dwelling or other Improvements shall be permitted to exist on any Lot, except during such reasonable time period necessary for completion. All exterior construction of a Dwelling must be completed within one (1) year after the date upon which it commenced, unless otherwise approved by the Board. Each Lot Owner, prior to commencement of construction, shall post with the Board a construction escrow deposit in the amount of Three Thousand Dollars (\$3,000.00) ("Construction Escrow Deposit"). The Construction Escrow Deposit shall be held in escrow by the Board, pending completion of construction. In the event that the Lot Owner fails to complete construction or leaves the Public Roads, Private Roads or Common Area in a dirty or unkempt condition, the Board reserves the right to use the Construction Escrow Deposit to repair such damage. Any damage to the Public Roads, Private Roads, curbs or sidewalks or any part of any Common Area or any utility system caused by an Owner or Owner's builder or such builder's contractors or subcontractors shall be repaired by such responsible Owner. Any builder of Improvements (and such builder's contractors and subcontractors) on any portion of the Property shall keep such portion of the Property free of unsightly construction debris, and shall similarly keep contiguous areas free from any dirt, mud, garbage, trash, or other debris which is occasioned by construction of Improvements. To the extent that the amount of the Construction Escrow Deposit is insufficient, the Board may levy a Special Individual Assessment against an Owner's Lot to pay for the cost of repairing any damage to Public Roads, Private Roads, curbs or sidewalks or any part of any Public Road, Private Road, Common Area or utility system, to pay for the cost of cleaning public and private areas, including the Public Roads, and to pay for the cost of the removal of garbage, trash or other debris, which are caused by the activities of an Owner or Owner's builder or such builder's subcontractors during the construction of Improvements. Each Owner and such Owner's builder shall be responsible for erosion control protection during any earth-disturbing operation.

Section 8.30. Marine Toilets. No watercraft equipped with a marine toilet having a fixed or portable holding tank, or a through hull or overboard discharge toilet, shall be permitted at any Waterfront Lot's docks or piers, unless otherwise approved by Declarant or the Board. No

watercraft equipped with a marine toilet having a fixed or portable holding tank, or a through hull or overboard discharge toilet, shall be permitted at a Waterfront Lot's dock or pier.

Section 8.31. Restricted Activities in Common Areas. No cutting of vegetation, dumping, digging, filling, destruction or other waste shall be committed on the Common Areas. There shall be no obstruction of the Common Areas, nor shall anything be kept or stored in the Common Areas, nor shall anything be altered, or constructed or planted in, or removed from the Common Areas, without the prior written consent of Declarant and the Board. Each Owner shall be liable to the Association and/or Declarant for any damage to any Common Area caused by the negligent acts or omissions or willful misconduct of the Owner or his family, tenants, guests, agents, employees, or invitees. Provided, however, the provisions of this Section 8.37 shall not apply to Declarant in connection with Declarant's construction activities on the Property.

Section 8.32. Maintenance and Repair of the Private Roads. Declarant is responsible for maintenance and repair of the Private Roads until December, 2008. After that date, all maintenance and repair of the Private Roads is the sole responsibility of the Owners of Lots 3, 4 and 5 and Lots 32-39 benefiting from the use of the Private Roads to gain access to their respective Lots. Any maintenance or repair must be approved by a majority of the Private Road Lot Owners in each Private Road Lot Group and each Private Road Lot Owner is obligated for their respective share of the cost of all approved maintenance ("Private Road Assessment"). Each Group of Private Road Lot Owners shall meet, from time to time, to agree upon service work to be performed on the Private Road. Any Private Road Lot Owner may call a meeting by mailing written notice to the Dwelling of every other Private Road Lot Owner in the Private Road Group at least thirty (30) days prior to the meeting at which the notice indicates that a vote will be taken regarding maintenance and repair of the Private Road. Failure to notify every Private Road Lot Owner of the meeting in the manner prescribed above shall invalidate any vote taken at such meeting unless all Private Road Lot Owners attended the meeting in person or by proxy. A validly called meeting may be conducted by telephone or other convenient method. There shall be one (1) vote appurtenant to each Private Road Lot owned and any repair or maintenance of the Private Road which is approved by a majority of the votes cast, in person or by proxy, at a validly called meeting of the Private Road Lot Owners shall be considered "Approved Maintenance." The cost of all Approved Maintenance shall be divided equally among the Private Road Lot Owners in the Private Road Group. Each Private Road Lot Owner shall be obligated for its respective share of the cost of all Approved Maintenance, the payment of which is enforceable by any other Private Road Lot Owner in the Private Road Group. A lien is established on the Private Road Lots for the purpose of enforcing the obligations of any Private Road Lot Owner who fails to pay his or her share of the cost of the Approved Maintenance of the Private Road. If a Private Road Lot Owner fails to pay his or her share of the costs of the Approved Maintenance, the defaulting Private Road Lot Owner shall pay interest accruing thereon at the lower of: (i) eighteen percent (18%) per annum or; (ii) the maximum rate allowed by law. In addition, if any Private Road Lot Owner employs an attorney to collect the obligation to pay for Approved Maintenance from a defaulting Private Road Lot Owner or enforce the lien hereunder against a defaulting Private Road Lot Owner, such Private Road Lot Owner shall be reimbursed by the defaulting Private Road Lot Owner for all reasonable attorneys' fees and court costs incurred with respect thereto. Except as otherwise expressly set forth herein, only the Private Road Lot Owners, their families, tenants, guests or invitees may use the Private Road for access, ingress, egress and regress to and from the Private Road Lots.

All Private Road Lot Owners are required to maintain the portion of their Private Road Lot which abuts a Private Road and which falls within the Private Road right-of-way. All Private Road Lot Owners shall mow the grass and maintain the portion of their Lot which is subject to the Private Road right-of-way, and keep it free from trash and debris.

The Association reserves the right and easement to go upon the Private Roads to conduct necessary repairs in the event that the Private Road Lot Owners in a Private Road Lot Group fail to maintain its respective Private Road. The Association will assess each Private Lot Owner for the costs incurred if it needs to conduct necessary repairs or maintenance of the Private Roads as a Private Road Assessment.

Declarant reserves the right to dedicate the Private Roads to the general public and assigns such reserved right to the Association and each Private Road Lot Group with respect to the Private Road that fronts their respective Private Road Lots.

Section 8.33. Unsightly or Unkempt Conditions. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any Lot, other than in enclosed garages.

Section 8.34. Rules and Regulations. All Owners of any Lot shall abide by all rules and regulations adopted by the Board, from time to time. The Board shall have the power to enforce compliance with the rules and regulations by all appropriate legal and equitable remedies. An Owner determined by judicial action to have violated the rules and regulations, shall be liable to the Association and/or Declarant for all damages, costs, and expenses including reasonable attorneys' fees.

Section 8.35. Animals. No animals, livestock or poultry shall be raised, bred or kept on any Lot or any other portion of the Property, except that dogs, cats, or other generally recognized household pets may be kept, provided that (a) they are not kept for any commercial purposes; and (b) that they do not create a nuisance (in the judgment of the Board) such as, but without limitation, by noise, odor, damage or destruction of property or refuse. There shall be no more than three (3) household pets kept or maintained outside the Dwelling on a Lot, except for newborn offspring of such household pets which are all under (9) months in age. Whenever they are outside of a Dwelling, dogs shall be kept on a leash or otherwise confined in a manner acceptable to the Board. Animal control authorities shall be permitted to enter the Development and the Property to patrol and remove pets which violate this Section 8.34 and any wild animals. All pets shall be registered, licensed and inoculated as required by law. No fenced dog enclosure or other structure for pets may be constructed or maintained on any Lot unless approved in writing by the Board or Declarant.

Section 8.36. Governmental Requirements. Nothing in this Declaration shall waive any governmental requirements applicable to any Lot and all applicable governmental requirements or restrictions relative to the construction of Improvements on and/or use of any Lot shall continue to apply to each Lot. Each Owner shall comply with all laws, regulations, ordinances

(including, without limitation, applicable zoning ordinances) and other governmental rules and restrictions in regard to the Lot(s) or other portion of the Property owned by such Owner.

Section 8.37. Construction Rules.

8.37.1. **Applicability.** These construction rules (collectively, the "**Construction Rules**") shall apply to all Lot Owners and their builders, and *any reference to an Owner shall also apply to the Owner's builder and subcontractors.* All Owners shall abide by the Construction Rules and such other rules as the Board may establish from time to time.

8.37.2. **Construction Escrow Deposit.** Each Owner shall pay the Construction Escrow Deposit described in Section 8.29 to the Board prior to the commencement of construction of any Improvements on the Owner's Lot. The Construction Escrow Deposit shall be deposited by the Association in an escrow account. The amount of the Construction Escrow Deposit may be changed, from time to time, by Declarant prior to the Turnover Date, or by the Board, following the Turnover Date. The Construction Escrow Deposit may be used by the Association for any of the following purposes:

8.37.2.1. To pay for the cost to repair any damage to the Common Areas caused by the Owner's builder or subcontractors and not repaired by the responsible Owner or such Owner's builder or subcontractors.

8.37.2.2. To complete any landscaping which has not been installed upon completion of a Dwelling on any Lot.

8.37.2.3. To pay for the cost of completing any Improvements if an Owner fails to complete such Improvements in accordance with the terms of Section 8.29.

8.37.2.4. To pay for the cost of restoring or replacing any trees, other vegetation, grades or other natural features improperly removed, altered or destroyed by the Owner.

8.37.2.5. To reimburse Declarant and/or the Association for the cost of cleaning up any significant amount of dirt, cement, or debris left on any Public Road or Private Road, if not immediately removed by the Owner or the Owner's builder or subcontractors.

8.37.2.6. To pay for the cost of enforcing any of the Owner's other obligations under this Declaration.

- 8.37.2.7. To pay any other costs, fines or expenses which, may be deducted from the Construction Escrow Deposit. Except for the reimbursements described above, the Association shall give an Owner prior notice that it intends to use such Owner's Construction Escrow Deposit for a particular purpose. The Owner shall have twenty-four (24) hours from the date of the notice to complete the performance that is required and for which the Association intended to use such Owner's Construction Escrow Deposit. If the performance cannot be reasonably completed during that time period, the Owner must begin performance and diligently pursue such performance to completion. Upon the completion of all Improvements (including landscaping) and the performance of all other obligations by an Owner pursuant to the terms of this Declaration, the Association shall return to such Owner the unused portion (if any) of such Owner's Construction Escrow Deposit.
- 8.37.3. Construction Hours and Noise. All construction activities must be conducted and all deliveries must be made from 7:00 a.m. until 8:00 p.m. EDT or 7:00 a.m. until 6:00 p.m. EST, Monday through Saturday; provided, however, no construction activities shall be conducted and no deliveries shall be made on July 4th, Labor Day, Thanksgiving Day, Christmas Day, or New Year's Day. Additionally, certain construction activities are permitted on Sundays, but such activities shall be performed in a manner as to be considered "low impact" by the Board in its sole discretion and excessive noise and the use of heavy equipment shall be prohibited on Sundays. No loud radios or distracting noise (other than normal construction noise) will be allowed within the Subdivision during construction. Normal radio levels are acceptable within the interior of fully enclosed Dwellings. Radio and stereo speakers shall not be mounted on vehicles or outside of Dwellings under construction.
- 8.37.4. Rubbish and Debris. In order to maintain a neat and orderly appearance at all times throughout the Subdivision, there shall be no burning or burial of construction debris or vegetation.
- 8.37.5. Silt Fences. Silt fences and/or other devices for sedimentation control shall be installed where necessary or as directed by the Board.
- 8.37.6. Material Storage. No construction materials, equipment or debris of any kind may be stored on any Public Road, Private Road, curb, or twenty (20) feet from edge of curb, on any adjacent Lots or other than in the locations approved by the Board.

- 8.37.7. **Trailers.** No construction office trailers may be placed, erected or allowed to remain on any Lot or in any other area in the Subdivision, except as approved in writing by the Board.
- 8.37.8. **Gravel Drives.** Prior to the commencement of construction on a Lot, the Owner or the Owner's builder shall provide a gravel drive with a minimum of five (5) inches of #5 crushed stone base from the paved Public Road or Private Road toward the Dwelling under construction.
- 8.37.9. **Parking.** No parked vehicle shall impede traffic or damage vegetation. No vehicles (trucks, vans, cars, trailers, construction equipment, etc.) may be left parked on any streets within the Subdivision overnight. Construction vehicles may be left on the gravel drive of a Lot overnight only if additional use of the vehicle will be made within the following three (3) days. Subcontractors are to be instructed to park on the gravel drive, but not in Common Areas or within the rights-of-way of any Public Road or Private Road.
- 8.37.10. **Miscellaneous Practices.** The following practices are prohibited within the Subdivision:
- 8.37.10.1. Changing oil of any vehicle or equipment;
- 8.37.10.2. Allowing concrete suppliers and contractors to clean their equipment in areas other than the Lot on which the Dwelling is being constructed
- 8.37.10.3. Operators of vehicles are required to use due care to ensure that they do not spill any damaging materials while within the Subdivision. If a spill occurs, it is the responsibility of the operator of the vehicle to properly clean up the spill. Any such clean up operations completed by the Declarant or the Association will be charged to the responsible party. Any spills must be reported to the Association and Declarant in writing as soon as possible.
- 8.37.11. **Pets.** Builder and contractor personnel may not bring pets into the Subdivision.
- 8.37.12. **Common Areas.** Except with the prior written permission of the Association, builder and contractor personnel are not allowed in the Common Areas, and no construction access will be allowed across the Common Areas.
- 8.37.13. **Portable Chemical Toilets.** An enclosed and regularly serviced portable chemical toilet must be provided at each Dwelling under construction, and must be located in as inconspicuous a location as

possible at least twenty (20) feet from the edge of curb unless approved by the Board.

- 8.37.14. **Property Damage.** Any damage to streets and curbs, drainage inlets, water meters or boxes, streetlights, street markers, mailboxes, walls, fences, etc. may be repaired by Declarant or the Association and the cost of such repairs will be billed to the responsible Owner. If not paid promptly, the repair cost will be deducted from the Construction Escrow Deposit or assessed as a Special Individual Assessment. If any telephone, cable TV, electrical, water or other utility lines are cut, it is the responsible party's obligation to report such an accident within thirty (30) minutes to the Declarant or the Association, and any cost incurred in connection with repairing such damage shall be borne by the responsible party.
- 8.37.15. **General Builder Responsibilities.** Builders are encouraged to maintain strict control over subcontractors to minimize soil and mud build-up in streets. Builders are advised to educate employees and subcontractors as to the location of the Lake Buffer Areas, the restrictions applicable to the Lake Buffer Areas and the ramifications for violation of the provisions of this Declaration with respect thereto (i.e., fines). Planning home construction with the erosion control measures specifically in mind will be crucial to the success of each builder in the Subdivision. In addition to protecting the Lake Buffer Areas and controlling erosion, builders are encouraged to develop Lot plans which preserve natural wooded areas wherever possible and which minimize Lot grading and disturbance. Alignment of utilities and access should be planned to minimize the cutting of Mature Trees.

ARTICLE IX

INSURANCE

Section 9.1. Board. The Board shall obtain and maintain at all times insurance of the type and kind and in no less than the amounts set forth below:

- 9.1.1. **Fire.** All Improvements and all fixtures included in the Common Area and all personal property and supplies belonging to the Association, shall be insured in an amount equal to 100% of the then current replacement cost up to the amount specified in the insurance policy (exclusive of land, foundation, excavation and other normally excluded items) as determined annually by the Board with the assistance of the insurance company providing coverage or an insurance broker or agent selected by the Board. The Board shall, at least annually, review the insurance coverage required herein and determine 100% of the then current replacement cost of such Improvements, fixtures, personal property, and supplies. Such coverage shall provide protection against

loss or damage by fire, windstorm, vandalism and malicious damage and all perils covered by a standard "all risk" insurance policy. All such policies shall provide that adjustments of any and all covered losses shall be approved by the Board and the insurance company. In addition to the provisions and endorsements set forth in this ARTICLE IX, the fire and casualty insurance coverage shall contain the following provisions:

- 9.1.1.1. a waiver of subrogation by the insurer as to any claims against the Association, any officer, director, agent or employee of the Association, the Owners and their employees, agents, tenants and invitees; and
 - 9.1.1.2. a provision that the coverage will not be prejudiced by act or neglect of one or more Owners when the act or neglect is not within the control of the Association or by any failure of the Association to comply with any warranty or condition regarding any portion of the Property over which the Association has no control.
- 9.1.2. Public Liability. The Board shall also be required to obtain and maintain, to the extent obtainable, public liability insurance in such limits as the Board may, from time to time, determine to be customary for projects similar in construction, location and use to the Development, covering each member of the Board, the Manager, if any, and each Owner with respect to his liability arising out of the ownership, maintenance, or repair of the Common Areas; provided, however, that in no event shall the amounts of such public liability insurance ever be less than \$1,000,000 per occurrence against liability for bodily injury, including death, and property damage, including loss of use thereof occurring upon, in or about, or arising from or relating to, the Property or any portion thereof. Such insurance shall include endorsements covering cross liability claims of one insured against another, including the liability of the Owners as a group to a single Owner. The Board shall review such limits annually. Until the first meeting of the Board following the initial meeting of the Owners, such public liability insurance shall be in amounts of not less than \$1,000,000 per occurrence for claims for bodily injury and property damage.
- 9.1.3. Fidelity Coverage. The Board may obtain fidelity coverage against dishonest acts on the part of all persons, whether officers, directors, trustees, employees, agents or independent contractors, responsible for handling funds belonging to or administered by the Association, in an amount determined by the Board in its discretion. An appropriate endorsement to the policy to cover any persons who serve without compensation shall be added if the policy would not otherwise cover

volunteers. In the alternative, the Board may require that the Association Manager obtain such fidelity coverage.

- 9.1.4. Other. The Board may determine, from time to time, that other insurance coverage should be obtained.

Section 9.2. Premium Expense. Premiums upon insurance policies purchased by the Board shall be paid by the Board and charged as a common expense to be collected from the Owners.

Section 9.3. Special Endorsements. The Board shall use diligent efforts to secure insurance policies that will provide for the following:

- 9.3.1. recognition of any insurance trust agreement entered into by the Association;
- 9.3.2. coverage that may not be canceled or substantially modified (including cancellation for nonpayment of premium) without at least thirty (30) days prior written notice to the named insured, any insurance trustee and all Mortgagees; and
- 9.3.3. coverage that cannot be cancelled, non-renewed, invalidated or suspended on account of the conduct of any officer or employee of the Board without prior demand in writing that the Board cure the defect and the allowance of a reasonable time thereafter within which the defect may be cured by the Association, any Owner or any Mortgagee.

Section 9.4. General Guidelines. All insurance policies purchased by the Board shall be with a company or companies licensed to do business in the State of South Carolina and holding a rating of "A-VIII" or better by the current issue of Best's Insurance Reports. All insurance policies shall be written for the benefit of the Association and shall be issued in the name of and provide that all proceeds thereof shall be payable to, the Association. The Manager or another authorized Person may be named as the Association's authorized representative, with exclusive authority to negotiate losses under any policy providing such insurance. The property insurance policy and public liability insurance policy shall not contain provisions whereby: (a) contributions or assessments may be made against Declarant, the Association, the Owners or the Mortgagees; (b) loss payments are contingent upon action by the carriers, directors, policy holders or members; and (c) there are limiting clauses (other than insurance conditions) which could prevent Owners or Mortgagees from collecting the proceeds.

Section 9.5. Owner's Personal Property. By accepting title to a Lot within the Development, each Owner acknowledges that neither the Association nor Declarant has any obligation to provide any insurance for any portion of such Owner's Lot or any Dwelling or other property located thereon.

ARTICLE X

RIGHTS OF MORTGAGEES

Section 10.1. Approval of Mortgagees. Unless at least seventy-five percent (75%) of the Mortgagees holding Mortgages on Lots located within the Subdivision have given their prior written approval, the Association shall not:

- 10.1.1. by act or omission, seek to abandon, partition, subdivide, encumber, sell or transfer any real estate or Improvements thereon which are owned, directly or indirectly, by the Association; provided, however, the granting of easements for utilities or other purposes pursuant to the terms of this Declaration shall not be deemed a transfer within the meaning of this provision;
- 10.1.2. change the method of determining the obligations, Assessments, dues or other charges which may be levied against an Owner;
- 10.1.3. fail to maintain fire and extended coverage insurance on insurable Improvements in any Common Areas in the Subdivision (with the exception of Public Roads) on a current replacement cost basis in an amount not less than 100% of the insurable value as set forth in ARTICLE IX; or

Declarant, in addition to any other easements granted or reserved in this Declaration reserves for the benefit of Declarant, its successors and assigns, and grants to the Association and any other persons or entities hereinafter set forth, the following non-exclusive easements on, upon, over, across, through and under the Property. In addition, Declarant reserves unto itself, its successors and assigns, the right, on behalf of itself and the Association, to grant additional easements on, upon, over, across, through and under the Common Areas and any portion of the Property owned by Declarant as deemed to be in the best interests of and proper for the Development, including but not limited to, easements in favor of Declarant, the Association and any designees of the foregoing, the Owners, and all their family members, guests, invitees and lessees, and to various governmental and quasi-governmental authorities and agencies and private concerns for the purposes and uses hereinafter specified.

Section 11.2. Easements and Cross-Easements on Common Areas. Declarant, for itself, its designees and the Association, reserves the right to impose upon the Common Areas, from time to time, such easements and cross-easements for ingress and egress, installation, maintenance, construction and repair of utilities and facilities including, but not limited to, electric power, telephone, cable television, master antenna transmission, governmental and quasi-governmental purposes, sewer, Septic Systems, water, gas, drainage, irrigation, lake access and maintenance, storm water management, lighting, television transmission, garbage and waste removal, emergency services, and the like as it deems to be in the best interests of, and necessary and proper for, the Development or any portion thereof.

Section 11.3. Use of Common Areas. Subject to any limitation or restriction set forth in this Declaration, Declarant declares that the Common Areas are subject to a perpetual non-exclusive easement in favor of Declarant, the Association and their respective designees, the Owners and all their family members, guests, invitees and lessees, and appropriate governmental and quasi-governmental agencies to use the Common Areas for all proper and normal purposes including, but not limited to, ingress, egress and access for the furnishing of services and utilities and for such use of the facilities as are reasonably intended in accordance with the terms of this Declaration. If ingress or egress to any Lot or other portion of the Property is through any Common Area, any conveyance or encumbrance of such Common Area is subject to this easement.

Section 11.4. Right-of-Way Over Public Roads. Declarant reserves, for the benefit of itself, its agents, employees, lessees, invitees, designees, successors and assigns, and grants to the Association, its agents, employees, lessees, invitees, designees, successors and assigns, and to each Owner of a Lot, their family members, guests, invitees, successors and assigns, and to all governmental and quasi-governmental agencies and service entities having jurisdiction over the Property while engaged in their respective functions, a perpetual non-exclusive easement, license, right and privilege of passage and use, both pedestrian and vehicular, over and across the Public Roads for the purpose of providing access, ingress and egress to and from through and between the Property. All Lot Owners are required to maintain the portion of their Lot which abuts any Public Road and which falls within the Public Road right-of-way. All Lot Owners shall mow the grass and maintain the portion of their Lot which is subject to the Public Road right-of-way, and keep it free from trash and debris.

Section 11.5. Right of the Association and Declarant to Enter Upon the Common Area. Declarant reserves for the benefit of itself, its successors and assigns, and grants to the Association and all agents, employees or other designees of Declarant or the Association an easement for ingress, egress and access to enter upon or over the Common Areas for the purposes of inspecting any construction, proposed construction, or Improvements or fulfilling the rights, duties and responsibilities of ownership, administration, maintenance and repair of Declarant or the Association, as appropriate. Such easement includes an easement in favor of the Association and Declarant to enter upon the Common Areas to use, repair, maintain and replace the same for the purposes for which they are initially or subsequently designated. There is no obligation on the part of the Association or Declarant to maintain, repair, or construct Improvements which an Owner is required to maintain, repair or construct.

Section 11.6. Easement for Encroachment. Declarant reserves, for the benefit of itself, its successors and assigns, and grants to the Association, its successors and assigns, and the Owners, their successors and assigns, easements for encroachments, to the extent necessary, in the event any of the Improvements located on any portion of the Property now or hereafter encroach upon any other portion of the Property as a result of minor inaccuracies in survey, construction or reconstruction, or due to settlement or movement. Any easement(s) for encroachment shall include an easement(s) for the maintenance and use of the encroaching Improvements in favor of Declarant, the Association, the Owners and all their designees, as the case may be.

Section 11.7. Utility and Storm Drainage Easements. The Property shall be subject to all easements and rights-of-way for utilities and drainage shown on the Maps, including, but not limited to, those certain easements shown and designated on the Maps, including, without limitation, those easements described in Section 8.10 and Section 8.11. Such easements are reserved for the use of Declarant, its successors and assigns, and are established for the use of the Association, its successors and assigns. In addition, Declarant reserves, for the benefit of itself, its successors and assigns, and grants to the Association, its successors and assigns, a non-exclusive easement and right-of-way over, under and along the front and rear ten (10) feet of each Lot (with the exception of the Waterfront Lots adjoining the shoreline of Lake Keowee, which will not have a ten (10) foot easement over the rear), as well as over, under and along seven and one-half (7.5) feet in width along each side Lot line for the installation and maintenance of lines, conduits, pipes and other equipment necessary for furnishing electric power, gas, telephone service, cable service, water, irrigation, septic sewer and drainage facilities, storm drainage and/or other utilities.

Section 11.8. Declarant's Right to Assign Easements and Maintenance of Easement Areas. Declarant shall have the right to assign and convey, in whole or in part, the reserved easements under this Declaration. The areas burdened by the easements and rights-of-way reserved by Declarant on each Lot or other portion of the Property, including any Improvements in such areas, which are not to be maintained by the Association or a public authority or utility, shall be maintained continuously by each Owner of such Lot or other portion of the Property, but no structures, plantings or other material shall be placed or permitted to remain upon such areas or other activities undertaken thereon which may damage or interfere with the installation or maintenance of utilities or other services, or which may retard, obstruct or reverse the flow of water or which may damage or interfere with established slope ratios or create erosion problems. Declarant and/or the Association may exercise the rights reserved in this ARTICLE XI for the purpose of enforcing the provisions of this Section 11.8. The Association and/or Declarant shall have the right, but not the obligation, to maintain the landscaping in the easement areas reserved on any Lot.

Section 11.9. Easement Reserved for the Association and Declarant. Declarant reserves full rights of access, ingress and egress for itself and the Association at all times over and upon any Lot or other portion of the Property for the exercise of the easement rights described in this ARTICLE XI, as well as the maintenance and repair rights described below, and for the carrying out by Declarant or the Association of its rights, functions, duties and obligations under this Declaration. Any such entry by Declarant or the Association upon any Lot shall be made with minimum inconvenience to the Owner as is reasonably practical, and any damage caused as a

result of the gross negligence of Declarant, the Association or their respective employees or agents shall be repaired by and at the expense of Declarant or the Association, as the case may be.

Section 11.10. Duke Easements. Duke has reserved easements and right with respect to the Subdivision for the following purposes:

- 11.10.1. the right to clear and flood property up to the elevation of 810 feet above mean sea level, USGS Datum, in connection with the operation of its hydroelectric power facility. This affects all of the Lots in the Subdivision that adjoin the shoreline of Lake Keowee, as shown on the Map, and includes the right of ingress and egress over the Subdivision or roads or streets within the Subdivision for the purpose of exercising the clearing and flooding rights; and
- 11.10.2. the right to erect and maintain electric transmission and communication lines within the Subdivision, including the right to clear obstructions or hazards within the areas in which such transmission or communication lines are located (as well as rights of ingress and egress for those purposes).

Section 11.11. Easement Over Private Roads. Each group of Lots that is accessed by a Private Road shall be considered a separate Private Road Lot Group. The Private Road Lots that are accessed by Wildflower Court are Lots 3, 4 and 5 and the Private Road Lots that are accessed by Sailview Drive are Lots 32-39. Declarant has granted a non-exclusive easement over the respective Private Roads to the Private Road Lot Owners, their family members, tenants, guests and invitees to use the Private Road Easement to access the Private Road Lots.

Section 11.12. Right to Grant Additional Easements. Declarant shall have the right to grant over, under, across and upon the Common Areas until conveyed to the Association and any portion of the Property owned by Declarant, any easements, rights-of-way, licenses and other rights in accordance with or to supplement the provisions of this Declaration or as may otherwise be necessary or desirable for the development of the Subdivision. The Board shall have the right to grant such easements, rights-of-way, licenses and other rights over, under, across and upon the Common Area in accordance with or to supplement the provisions of this Declaration or as may be necessary or desirable for the development of the Subdivision, by the execution, without further authorization, of such grants of easement or other instruments as may, from time to time, be necessary or desirable, in its sole discretion. Such easements may be for the use and benefit of Persons who are not Association Members or Owners.

Section 11.13. No Merger of Easements. The easements established shall not be terminated by merger or otherwise, except upon execution and recordation of an instrument specifically terminating any such easement.

ARTICLE XII

CONDEMNATION

Section 12.1. Partial Taking Without Direct Effect on Lots. If all or part of the Common Area is taken or condemned by any authority having the power of eminent domain, but no Lot is taken, all compensation and damages shall be paid to the Board in trust for all Owners and their Mortgagees according to their respective interests in such Common Areas. The Association, acting through the Board, shall have the right to act on behalf of the Owners with respect to the negotiation and litigation of the issues with respect to the taking and compensation affecting the Common Areas, without limitation on the right of the Owners to represent their own interests with respect to any taking or condemnation involving their Lots. Each Owner, by acceptance of a deed to a Lot, appoints the Association as attorney-in-fact to negotiate, litigate or settle on such Owner's behalf all claims arising from the condemnation of the Common Areas. The proceeds shall be used to restore the Common Areas with the excess, if any, to be retained by the Association and applied to future operating expenses by the Board, in its sole discretion. Nothing prevents Owners whose Lots are specifically affected by the taking or condemnation from joining in the condemnation proceedings and petitioning on their own behalf for consequential damages relating to loss of value of the affected Lots, or Improvements, fixtures or personal property thereon, exclusive of damages relating to the Common Areas. In the event that the condemnation award does not allocate consequential damages to specific Owners, but by its terms includes an award for reduction in value of Lots without such allocation, the award shall be divided between the affected Owners and the Association, as their interests may appear, by the Board in its sole discretion.

Section 12.2. Partial or Total Taking Directly Affecting Lots. If part or all of the Property shall be taken or condemned by any authority having the power of eminent domain, such that any Lot or a part thereof (including specific easements assigned to any Lot) is taken, the Association shall have the right to act on behalf of the Owners with respect to Common Area as provided in Section 12.1 and the proceeds shall be payable as outlined therein. The Owners directly affected by such taking shall represent and negotiate for themselves with respect to the damages affecting their respective Lots. All compensation and damages for and on account of the taking of any one or more of the Lots or Improvements, fixtures or personal property thereon, shall be paid to the Owners of the affected Lots and their Mortgagees, as their interests may appear. If all of the Property shall be taken such that the Association no longer has reason to exist and shall thereafter be dissolved and/or liquidated, all compensation and damages for and on account of the taking of the Common Areas shall be distributed with the other assets of the Association in accordance with the Articles of Incorporation.

Section 12.3. Notice to Mortgagees. A notice of any eminent domain or condemnation proceeding shall be sent to all Mortgagees who have served written notice upon the Association in accordance with ARTICLE XI.

ARTICLE XIII

GENERAL PROVISIONS

Section 13.1. Enforcement. Declarant, as the developer of other subdivisions in the area of the Development, wishes to maintain a high standard in the appearance and quality of the Development. Though damages would be difficult to measure, the failure of the Owners and the Association to abide by the terms, covenants and restrictions contained in this Declaration would result in irreparable damage to Declarant and its reputation. Accordingly, Declarant, during the term of this Declaration, as well as the Association or any Owner or Owners, shall have the right, but not the obligation, to enforce all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration by proceeding at law or in equity against any person or persons violating or attempting to violate any such restrictions, conditions, covenants, reservation, liens or charges, either to restrain violation thereof or to recover damages therefor. Each Owner and Declarant shall have all appropriate remedies at law or in equity to enforce the provisions of this Declaration and the Bylaws and any duly authorized rules and regulations governing the Development against the Association.

In addition, the Association covenants and agrees that it shall exercise its power of enforcement to maintain a first class development in appearance and quality, and that it shall, upon the request of Declarant, enforce any restriction, condition, covenant, reservation, lien or charge contained in this Declaration deemed by Declarant, in its sole discretion, to have been violated, using all remedies available to the Association at law or in equity. Declarant reserves the right and easement, but not the obligation, to go upon any portion of the Common Areas at any time in order to repair and maintain such Common Areas where needed, in Declarant's sole discretion, to bring such Common Areas within the standards required by Declarant. If Declarant goes upon the Common Areas to perform maintenance and repairs for such purpose, the Association agrees to reimburse Declarant in full for the cost of such maintenance and repairs, upon receipt of a statement for such cost from Declarant. Failure by Declarant, the Association or by any Owner to enforce any restrictions, conditions, covenants, reservations, liens or charges herein contained shall not be deemed a waiver of the right to do so thereafter.

Section 13.2. Severability. Invalidation of any of the provisions contained in this Declaration, or any restriction, condition, covenant, reservation, lien or charge contained herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

Section 13.3. Amendment. This Declaration may be amended or modified at any time and from time to time by an agreement signed by Owners holding a majority of votes appurtenant to the Lots which are then subject to this Declaration; provided, however, any amendment to this Declaration must be consented to by Declarant so long as Declarant is the Owner of any portion of the Property in the Subdivision. Any such amendment shall not become effective until either (a) the instrument evidencing such change has been filed of record, or (b) the Secretary of the Association executes a certification in recordable form stating that the amendment has been approved by the requisite number of Owners.

Declarant may, at Declarant's option, amend this Declaration without obtaining the consent or approval of any other person or entity if the amendments or modifications are correctional in nature and do not involve a change which has a material adverse affect on the rights, duties or obligations specified in this Declaration.

Section 13.4. Term. The covenants and restrictions of this Declaration shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of thirty (30) years from the date this Declaration is recorded. After that time the covenants and restrictions shall be automatically extended for successive periods of ten (10) years, unless an instrument is recorded which is signed by a majority of the then Owners of the Lots, plus Declarant for so long as Declarant is the Owner of any Lot in the Development, agreeing to terminate the covenants and restrictions in whole or in part. Provided, however, that the residential use restrictions set forth in Section 8.1 of this Declaration shall run with the land and be binding upon all parties and all persons claiming under them in perpetuity.

Section 3.1 Annual Meetings. The first annual meeting of the Members shall be held sometime during the months of March, April or May, 2008, as determined by a vote of the Board, and each subsequent regular annual meeting of the Members shall be held on or about the anniversary date of the first annual meeting thereafter, at a reasonable time to be determined by the Board. If the day for the annual meeting of the Members is a legal holiday, the meeting will be held on the first day following which is not a legal holiday.

Section 3.2 Special Meetings. Special meetings of the Members may be called at any time by the President of the Association, by the Board, or upon the written request of the Members who are entitled to vote at least ten percent (10%) of all of the votes appurtenant to the Lots.

Section 3.3 Meetings of Groups of Certain Lot Owners. From time to time, meetings of the Members who are Private Road Lot Owners, served by a single Private Road, (each, a "**Member Group**") may be called at any time (a) by the President of the Association, (b) by the Board, or (c) upon the written request of the Members who are entitled to vote at least ten percent (10%) of all of the votes appurtenant to the relevant Member Group, for the purpose of

discussing and voting on matters affecting the Member Group. Such meetings may be held at the annual meeting of the Members or at a special meeting of the Member Group.

Section 3.4 Place of Meetings. All meetings of the Members and all meetings of any of the Member Group shall be held at such place within Mecklenburg County, North Carolina or Oconee County, South Carolina, as shall be determined by the Board, from time to time.

Section 3.5 Notice of Meeting. Written notice of each meeting of the Members and each meeting of the Member Group shall be given by, or at the direction of, the Secretary of the Association or other person authorized to call the meeting, by mailing a copy of such notice, postage prepaid, not less than ten (10) days nor more than sixty (60) days before the date of such meeting to each Member entitled to vote there at, addressed to the Member's address last appearing on the books of the Association, or supplied by such Member to the Association for notice purposes. The notice shall specify the place, day and hour of the meeting, and in the case of a special meeting, the purpose of the meeting.

Section 3.6 Classes of Lots and Voting Rights. The voting rights of the Members shall be appurtenant to the ownership of Lots. There shall be two (2) classes of Lots with respect to voting rights:

3.6.1 **Class A Lots.** All Lots shall be Class A Lots, except Class B Lots as defined below. Each Class A Lot shall entitle its Owner(s) to one (1) vote. When more than one person owns an interest (other than a leasehold or security interest) in any Class A Lot, all such persons shall be Members and the appurtenant voting rights shall be exercised as they, among themselves, determine, but in no event shall more than one (1) vote be cast with respect to any Class A Lot.

3.6.2 **Class B Lots.** Class B Lots shall be all Lots owned by Declarant that have not been conveyed to purchasers who are not affiliated with Declarant. Each Class B Lot owned by Declarant shall be entitled to four (4) votes.

Section 3.7 Declarant Control Period. The Class B Membership shall cease and be converted to Class A Membership on the first to occur of the following events:

3.7.1 when the total number of votes in the Class A Membership exceeds the total number of votes in the Class B Membership;

3.7.2 December 31, 2017; or

3.7.3 upon the election of Declarant, in its sole discretion, to terminate its Class B Membership and to convert the Class B Lots to Class A Lots. Any such election, to be effective, must be in writing and recorded in the Registry.

The earliest to occur of Section 3.7.1, Section 3.7.2 or Section 3.7.3 shall be referred to as the "Turnover Date." After the Turnover Date and for so long as Declarant owns any part of the Property, Declarant shall be a Class A member.

Section 3.8 Quorum. The presence at the meeting of Members entitled to cast, or of proxies entitled to cast, twenty percent (20%) of the votes appurtenant to the Lots (or to the Lots of any Member Group) shall constitute a quorum for any action, except as otherwise provided in the Articles of Incorporation, the Declaration, or these Bylaws. If, however, such quorum shall not be present or represented at any meeting, subsequent meetings may be called, subject to the same notice requirement, until the required quorum is present. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 3.9 Proxies. At all meetings of Members or any Member Group, each Member may vote in person or by proxy. All proxies shall be in writing and filed with the Secretary of the Association. Every proxy shall be revocable and shall automatically cease upon conveyance of the applicable Member's Lot.

Section 3.10 Action by Members. Except as provided otherwise in the Articles of Incorporation, the Declaration or these Bylaws, any act or decision approved by a majority vote of all votes entitled to be cast by all classes of Members, present or represented by legitimate proxy at a legally constituted meeting at which a quorum is present, shall be regarded as the act of the Members. Notwithstanding any term or provision herein, the affirmative vote of no less than two-thirds (2/3) of all votes entitled to be cast by all classes of Members shall be required in order for the Association to (a) file a complaint, on account of an act or omission of Declarant, with any governmental agency which has regulatory or judicial authority over the Subdivision or any part thereof, or (b) assert a claim against or sue Declarant.

Section 3.11 Action by Members of a Member Group. Except as otherwise provided in the Articles of Incorporation, the Declaration or these Bylaws, any act or decision approved by a majority vote of all votes entitled to be cast by the Members of any Member Group, present or represented by legitimate proxy at a legally constituted meeting at which a quorum of the Members of the Member Group is present, shall be regarded as the act of such Member Group.

Section 3.12 Waiver of Notice. Any Member may, at any time, waive notice of any meeting of the Members, (or any meeting of any Member Group) in writing and such waiver shall be deemed equivalent to the giving of such notice. Attendance by a Member at any such meeting shall constitute a waiver of notice by such Member of the time and place thereof, except where such Member attends a meeting for the express purpose of objecting to the transaction of any business because the meeting was not lawfully called. If all of the Members are present at any meeting of the Members (or a Member Group), no notice shall be required and any business may be transacted at such meeting.

Section 3.13 Informal Action by Members. Any action which may be taken at a meeting of the Members (or a Member Group), may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the persons who would be entitled to vote upon such action at a meeting and filed with the Secretary of the Association to be kept in the Association's minute book.

Section 3.14 Class Voting Prohibited. Class voting is expressly prohibited under these Bylaws.

ARTICLE 4

Further provided, that any amendment or modification to the Articles of Incorporation and these Bylaws must be consented to by Declarant so long as Declarant is the Owner of any Lot or other portion of the Property, which consent Declarant may grant or withhold in its sole discretion. In addition, Declarant, as Class B Member, without obtaining the approval of any other Member or any other Owner or Owners, may make amendments or modifications to the Articles of Incorporation and these Bylaws which either: (a) are correctional in nature and do not involve a change which materially adversely affects the rights, duties or obligations specified herein or therein; or (b) apply only to the portions of the Property then owned by Declarant. Notwithstanding anything in this Section 12.1 to the contrary, Declarant, as the Class B Member, may at its option, amend the Articles of Incorporation and these Bylaws without obtaining the consent or approval of any other person or entity if the amendments are

correctional in nature and do not involve a change which has a material adverse affect on the rights, duties or obligations specified in these Bylaws or the Articles.

Neither Declarant, nor any Member, nor the Board, nor the Association, nor any officers, Directors, agents or employees of any of them shall be personally liable for debts contracted for or otherwise incurred by the Association or for a tort of another Member, whether or not such other Member was acting on behalf of the Association or otherwise. Neither Declarant, nor the Association, nor their Directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any premises, Improvements or portions thereof or for failure to repair or maintain the same. Declarant, the Association or any other person, firm or entity making such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages caused by any act or omission in the repair or maintenance of any premises, Improvements or portions thereof.

The Association shall, to the extent permitted by applicable law, indemnify and defend all members of the Board from and against any and all loss, cost, expense, damage, liability, claim, action or cause of action arising from or relating to the performance by the Board of its duties and obligations, except for any such loss, cost, expense, damage, liability, claim, action or cause of action resulting from the gross negligence or willful misconduct of the person(s) to be indemnified.

The Association shall indemnify (a) any Director or officer of the Association, (b) any former Director or officer of the Association, or (c) any person who may have served at the request of the Association as a director or officer of another corporation, whether for profit or not for profit, against expenses (including reasonable attorneys' fees) or liabilities actually and reasonably incurred by him in connection with the defense of or as a consequence of any threatened pending or completed action, suit or proceeding (whether civil or criminal) in which he is made a party or was (or is threatened to be made) a party by reason of being or having been such director or officer, except in relation to matters as to which he shall be adjudged in such action, suit or proceeding to be liable for gross negligence or willful misconduct in the performance of a duty.

The indemnifications provided herein shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any statute, bylaw, agreement, vote of Members or any disinterested Directors or otherwise and shall continue as to any person who has ceased to be a Director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such person.

The Association may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Association, or is or was serving at the Association's request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him and incurred by him in such capacity, or arising out of his status as such, whether or not the Association would have the power to indemnify him against such liability.

The Association's indemnity of any person who is or was a Director, officer, employee or agent of the Association, or is or was serving at the request of the Association as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall be reduced by any amounts such person may collect as indemnification (i) under any policy of insurance purchased and maintained on his behalf by the Association, or (ii) from such other corporation, partnership, joint venture, trust or other enterprise.

Nothing contained in this ARTICLE 14, or elsewhere in these Bylaws, shall operate to indemnify any Director or officer if such indemnification is for any reason contrary to any applicable state or federal law.
